Good morning Alderman Perez,

Please assist with two urgent matters. First, the garbage generated from the rooming house at 900-902 West Walker Street as always is beyond its capacity due to the lack of adequate dumpsters to manage the number of tenants that reside there. This has been an ongoing issue for years that has been brought to your attention over time and one that continues to cause blight in my immediate surroundings. Also, the one dumpster assigned to my household has been commandeered by the rooming house tenants. I want a new dumpster provided to my address as soon as possible.

Second, the stop signs on the south east corner of 9<sup>th</sup> Street and the west side of 9<sup>th</sup> Street that complete a 4 way stop intersection are continually knocked down and in turn cause very dangerous driving. Just today as I attempted to enter the north freeway on ramp a driver sped through from the south and nearly collided with me. He kept on going without regard and then I noticed the stop sign was down AGAIN. I turn to you to discuss what can be done to make this intersection safer in terms of signage? I recently found a potential solution on 2<sup>nd</sup> Street very near the Purple Door Ice

Cream Shop where an overhang stop sign has been placed to create a safer intersection. I ask that this type of signage be considered for this very heavy traffic area that is in a residential neighborhood, with a school in between two freeway on/off ramps. Please advise.

Last, but not with the sense of urgency as the items above. I have brought to your attention that on occasion the tenants and owners of 900-902 West Walker Street utilize the sideway to get on and off the paved driveway behind the rooming house. I would like you to examine this issue more closely and do what you can to stop this from occurring in the future. The original plan for this driveway didn't receive proper clearance from the city or neighbors to enter or exit of south 9<sup>th</sup> Street. No curb cut-out was approved for the driveway to enter or exit from 9<sup>th</sup> Street. The only legal entrance is through the alley as I understand the design of the driveway. Again, I ask you to examine this issue more closely.

I hope to hear from you as soon as you are able to provide some solutions to these ongoing problems.

Best Regards,

**Subject:** Garbage at 900-902 West Walker Street

Greetings Maribel,

I came home from grocery shopping in the freezing rain on Saturday only to find the last open parking space within a [REDACTED] occupied by the rooming house garbage dumpsters (please see the picture attached). Are the parking spaces that are at such a premium in this neighborhood the appropriate place for the property owners of this rooming house business to place their garbage for pick-up? Do you condone this? I DO NOT! [REDACTED] doesn't have a garage. I pay to park [REDACTED] on the city street and will not condone dumpsters in the same [REDACTED].

Why does the city allow this 7 unit rooming house business to operate without the expense of a commercial dumpster? Many other businesses that generate less trash than this property is required to have a commercial dumpster, why is this property any different. Please explain this [REDACTED] want a response regarding this matter as soon as you are able, but most importantly [REDACTED] to deal with such problems again. Please advise the property owners NOT to put their garbage bins in the city street.

Thank you,

Greetings Maribel,

I am extremely frustrated that even though the rooming house business at 900-902 West Walker was supplied many new garbage receptors, their tenants still can't manage to use them. This garbage am highly annoyed. pose the question, why isn't this

rooming house business required to use a commercial dumpster? Perhaps, the property owners need to conduct a training for their tenants to teach them how to properly utilize the garbage/recycling receptors. Please advise.

Thank you,

Greeting Jose,

have been bringing this same issue to your attention for many years now and nothing ever gets resolved. Please tell me why the property owners at 900&902 West Walker NEVER have enough garbage carts to contain the incredible amount of trash that is generated by their tenants? I have asked numerous times why the owners are not required by the city to provide a commercial dumpster for this 7 unit rooming house business. Not once have I been provided with an answer. Please tell me why on both fronts. Today the garbage is to be picked up. The garbage bin is still awaiting pick up. As soon as that occurs it will be put back in place since it is being used by the rooming house tenants. As you are aware today is a blustery windy day and their overflowing trash is blowing everywhere and this angers me to no end since I spent the other day cleaning all the trash in and around the block. I want something done about this ongoing problem. What is your solution? Please advise.

Stay safe,

...
