All –

We received this video today from Tyler via Alder. Zamarripa's office. We wanted to loop in the Coordinator team for review and possible ID of these operators. There is a thread of communications below as well.

I cannot tell specifically what is going on in the video, but to me, it looks like the white truck is a meat delivery vehicle dropping meats off to the bed of the red pickup truck that is parked on the grass. (Courtney/Julie – its 90F today). I cannot tell if the red pickup is associated with any of the food trucks that are parked in the background. Looking for guidance on what you're seeing and how to approach investigating this.

Please review and offer your feedback.

Hi Tyler,

Can you let us know if food trucks are permitted to get food deliveries (meat) right to the truck? I am assuming so, but do they have to have it listed as part of their food license so that proper storage of raw meat is part of their food truck refrigeration?

Thanks,
Patty

7. After giving your testimony, the members of the Licenses Committee and the licensee may ask questions regarding the testimony you have given or other factors relating to the license application.
8. Business Competition is not a valid basis for denial or non-renewal of a license.
