Executive Director Leon Todd:

Please add the comments below to agenda item FPC21417 to make them a part of the record. Please and thank you.

Pertaining to Rule VIII-Examinations

section 7 subsection D which states, in the psychological examination, the candidate shall be reported to be either psychological qualified or psychological unqualified. I would ask for the language “based on the psychological fitness standards necessary to successfully perform the essential functions of the position” to be added to the end of the article with the intent to give clarity to the candidate on the decision made.

Also pertaining to Section 7 subsection E - I would ask for the commission to strongly consider including a timeline of completion for psychological appeal to end before the next immediate Fire or Police Academy start date with the intent for the candidate to be able to start in the immediate and next recruitment class.

Signed

Robert Agnew jr. Rank 174
