You don't often get email from jackiebro26.2@gmail.com. [Learn why this is important](#)

Hello,

I reside in Milwaukee County and am located at 541 E Erie Street. As a scooter user, I have found them to be a valuable asset during the Summerfest season when streets are closed. I am a 58-year-old grandmother.

I acknowledge the importance of common sense legislation and believe that incremental improvements can be implemented to address current challenges. However, the proposed changes appear to be drastic and seem to be negatively biased towards scooters in this decision-making process.

I urge the consideration of incremental changes rather than punitive measures that are being recommended due to the actions of a few riders who misused a highly beneficial transportation solution.

Sincerely,  
Jackie Brozynski  
Constituent in your district
