Dear Sirs or Madam

On Friday April 7 about 1 o'clock in the afternoon my wife was driving south on 60 th street in the outside lane as she when by 60 th and bobolink there was pot holes. After hitting the pot holes the auto sustained damage to the auto .the barrier to call attention to a repair patch or pot holes had fallen down or knocked down for it was a very windy day so she did not see the problem. enclosed is the list of the damages to the auto. If the barrier was properly anchored, the damaged to my auto would not have happened, she would have seen the problem, and avoided the pot holes. The total damages with towing is \$830.10. We believe we should be compensated from the city because the barrier was not properly secured. any questions please call 1-414-875-0672.

Thank You
