July 30, 2018

The Honorable
Members of the Zoning, Neighborhoods and Development Committee

Honorable Members:

Pursuant to s. 295-307-7-b of the Milwaukee Code of Ordinances, the Zoning Code Technical Committee, on July 17, 2018, reviewed Common Council File Number 180115, a substitute ordinance relating to the parking of all-terrain and utility-terrain vehicles on unpaved surfaces.

Based on this review, the Committee found as follows:

- With respect to legality and enforceability, the proposed substitute ordinance meets this standard.
- With respect to administration efficiency, the proposed substitute ordinance meets this standard.
- With respect to consistency with the format of the zoning code, the proposed substitute ordinance meets this standard.

The proposed ordinance prohibits the parking of all-terrain vehicles and utility-terrain vehicles on unpaved surfaces in the city. In the Committee's view, current code provisions already address this issue. The definition of "motor vehicle" under s. 295-201-385 includes all-terrain and utility-terrain vehicles. However, the Committee further moved that additional investigation by the City Attorney's Office is needed to ensure that the issues that the proposed ordinance is concerned with can be addressed under current code provisions.

Respectfully Submitted,

Teodros W. Medhin, Ph.D.
Chair, Zoning Code Technical Committee
