Background and Experience

Suzy has been in sales, marketing and customer service for over 25 years. Her experience in corporate marketing and owning her own marketing company, Wellness Marketing, have positioned her to excel in her new position as Tenant Relations and Customer Service Manager position at Schlitz Park. Schlitz Park tenants are very excited about the location of Schlitz Park right on the Milwaukee River. This is a key point during initial leasing discussions. The Milwaukee River Walk is one of our top rated amenities in a recent tenant survey. Suzy is very much looking forward to being a part of Bid 42 to help maintain the beautiful river walk.
