 - _____ Site Plan showing location of project and adjoining structures and fences

PLEASE NOTE: YOUR APPLICATION CANNOT BE PROCESSED UNLESS BOTH PAGES OF THIS FORM ARE PROPERLY COMPLETED AND SIGNED.

5. DESCRIPTION OF PROJECT:

Tell us what you want to do. Describe all proposed work including materials, design, and dimensions. Additional pages may be attached.

When originally designed and constructed the building's east elevation featured a fire truck bay with a set of wood carriage style doors and a decorative brick arch with a concrete keystone. Overtime as the fire trucks became larger the original doors and decorative brick arch had to be removed to make way for a larger door.

This project calls for the removal of the existing steel overhead door and replacement with a set of operable solid wood [Species: Doug Fir] carriage style doors with translucent glass transoms. The new doors will fit within the existing 16'-0" wide by 12'-0" tall opening. All of the new door hardware will be black in color.

On the interior of the building the new carriage doors will serve as a backdrop for wedding ceremonies and corporate events.

6. SIGNATURE OF APPLICANT:

Signature

Brandon Reinke
Please print or type name

02.01.19
Date

This form and all supporting documentation **MUST** arrive by 12:00 noon on the deadline date established to be considered at the next Historic Preservation Commission Meeting. Any information not provided to staff in advance of the meeting will not be considered by the Commission during their deliberation. Please call if you have any questions and staff will assist you.
