RE: ERSOL HENRY
C.I. File No: 01-S-393

To Whom This May Concern:

I am writing to appeal your decision
on claim 01-S-393.

According to your investigation, high winds
caused a city of Milwaukee tree to uproot
on June 10, 2000, resulting in the tree
striking my vehicle causing in \$1,400 dollars
in damages.

The weather conditions for June 10, 2000
were not consistent with winds high
enough to cause the movement of a tree.
The average temperature was 87 degrees
and the high winds of the day were
only 19 mph (miles per hour). According
to the National Weather Service winds
over 50 mph were needed in order to
cause a tree to move. These winds would
be consistent with that of a small hurricane.
The winds would have to have been over
60 mph in order to uproot an entire tree.

(Continued)

causing it to strike my vehicle on June 10th,
2000. 2

In addition to the National Weather Service information, it was also reported that several diseased trees were removed from the 3900 Block on 41st Street days before the damages to my vehicle were incurred.

Finally, as a homeowner and tax payer in the City of Milwaukee, I feel that my claim has not been properly handled by your Office.

Please review the factual findings and respond accordingly. I look forward to a prompt response.

RE: Property Damage

While parked in a stationary position at 3933 N. 41st Street, on Saturday June 10, 2000, at approximately 3:30PM, my van was damaged by a tree, which is the property of the City of Milwaukee.

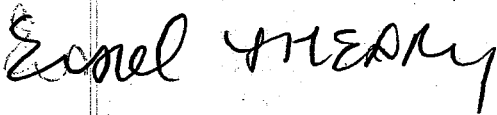

The tree uprooted and fell straight forward onto my van. The tree was later removed from in front of the property on 6-11-2000. Prior to the trees removal, City employees came out on 6-10-2000, to cut the tree into smaller pieces for removal.

These employees should be able to confirm that the tree uprooted without provocation. According to witness Glenda Cain at 3933 N. 41st Street, several City of Milwaukee trees had been removed earlier in the year.

The tree caused damage to the passenger side, rear upper panel and door. This vehicle had just been purchased on 6-2-2000, and had no other damages. I am requesting reimbursement for damages to my vehicle.

My current home address is 8835 W. Thurston Avenue, phone is 461-8777. During daytime business hours, I can be reached at ~~220-7906~~ ⁴¹⁴⁻⁸⁹³⁸. The estimate listed is \$1333.00. I am requesting \$1400.00 to compensate for time spent off of work and for total cost of repair.

Sincerely,

Ersol Henry
