

5/1/2023

Tearman Spencer, City Attorney
Office of City Attorney
841 North Broadway, Room 716

Attn: Claim Section

Subject: C.I. File No. 1029-8022-727
Communication from MARY HINKLE

Dear Mr. Spencer:

This letter is in response to a clarified address that was provided by Mary Hinkle during 5/1/23 Judiciary and Legislation Committee meeting:

The original claim states, "The pothole was located in the street in front of 4404 W. Hampton Ave.". Mary Hinkle had clarified during the meeting, however, that the reported damages occurred in front of 4805 N. Sherman Blvd.

Based off of the letter, Call Center records were searched from 01/18/2022 through 04/18/2022 between the 4300 and 4500 blocks of W. Hampton Ave. We did not have prior knowledge of a road hazard for the within this segment prior to 04/18/2022.

Based off of the meeting clarification, Call Center records were searched from 01/18/22 through 04/18/2022 between the 4700 and 4900 blocks of N. Sherman Blvd. One service request was found:

| Record No. | Date of Call | Date Patched | Location |
|-------------------|---------------------|---------------------|-----------------------|
| 4780648 | 4/4/2022 | 4/4/2022 | 4829 N. Sherman Blvd. |

The reported hazard was repaired in a reasonable amount of time, and before the reported damages on 4/18/2022.

If you have further questions regarding this matter, please contact Mr. Thomas Wangerin of my staff at 414-286-2078.

Sincerely,

Kevin J. Muhs, PE, AICP
City Engineer
