Subject: Milwaukee Food Market Objection, 2903 W Clybourn

Hi Jim and Favi,

Here is timeline of our interactions with Milwaukee Food Market at 2903 W Clybourn in the last year. Please submit below for objection.

May 29, 2025:

We were assigned a complaint for pests at Milwaukee Food Market from a Safety Officer that was patrolling this block, located at 2903 W Clybourn St. Upon arrival, we immediately began to observe rat droppings throughout the back storage area moving into the kitchen/deli area, retail area and throughout the basement of the building. We issued Orders to Cease. Jay(the operator) was made aware that in order to re-open the following day, no evidence of pest could be observed, meaning-droppings, dead bodies, urine, eaten into food and/or single service items.

May 30, 2025, re-inspection #1:

At about 9:45 am we received a call from Jay(the operator) stating he was ready for the re-inspection. He explained that the entire store had been cleaned and that the basement still needed some work. I explained to him that if we found any evidence of pests that the store would remain closed. I advised him to double check the basement prior to us arriving. Once on-site starting 10:10am we again started at the back of the store and worked our way forward. I quickly began to see rat droppings and eaten into food and single service items. We then had the conversation with the Operator to explain that unfortunately the store would have to remain closed over the weekend due to the pest activity since it was a Friday and the store would need to remain closed overnight (pest activity is typically highest overnight, so this gives us the best picture of what is actually going on).

Jay began to become very upset and stated that him and the staff had been working for countless hours throughout the day and night to rectify the issue and that it was unacceptable that the store would remain closed. He stated that it would be unsafe for him, his staff, and the store itself to be closed. He explained that patrons on the neighborhood would attack them and/or break into the store. I told him that if he would like to remain in the store to keep an eye on it, he was perfectly within his rights to do so, but if he felt unsafe that he should contact MPD or even leave the

establishment to avoid harm. He began to get more angry and shouted that I would be "jumped" once I left the store for keeping it closed and that him and the staff would be shot later that night and that it would be on my hands.

At this point, the situation was getting out of hand and we stated that we would leave the report on the counter and leave the store. We also offered to come for the re-inspection first thing Monday morning and that he should reach out to confirm a time.

June 2, 2025, re-inspection #2:

At 9am, we arrived at the establishment for the re-inspection. We started at the back of the store and moved our way forward, things appeared more clean and less cluttered. We then get to the deli coolers and observe rat droppings beneath, we proceed to the retail portion of the store and find more eaten into chip bags and droppings on shelving as well as some droppings in the basement. Due to the pest activity, we notify Jay that the store would need to remain closed for another day and that we could return tomorrow 6/3 for another re-inspection. He began to get very upset and accused us of being racist.

At this point we explained that we were going to leave the store and that they should reach out tomorrow for another re-inspection. We asked that they unlock the door so that we could leave and lock the door behind us. They refused and said if you unlock the door, whatever is going to happen is going to happen and we would be responsible. We waited until we got permission to unlock the door and left. As we were leaving, Jay the operator, appeared to be recording us, shouting the health department is leaving and let themselves out. He shouted down the street to a few patrons, "The health department is keeping us closed."

A referral was then made to DNS concerning foundation issues in the basement as well as the apartments above the store on June 2, 2025. At this point, DNS went in and advised us that there was a good amount of work to be done on the building and that the business would not be able to operate. DNS stated that they would let us know when they lifted their orders.

***Attached are photos from our inspections.

Thank you all,
Lauren
