

June 11, 2001

To the Honorable, The Common Council

Dear Council Members:

We are planning the construction of a 72-inch diameter combined relief sewer in West Meinecke Avenue. This sewer will be replacing a 60-inch diameter sewer in the same vicinity. A portion of the new sewer is located in Vacated West Meinecke Avenue, which is owned by Park Industrial Center.

The attached resolution accepts an easement that we have prepared and which has been executed by Park Industrial Center and the City and approved by the City Attorney. The easement is necessary for the construction and maintenance of the 72-inch sewer.

We recommend adoption of the attached resolution.

Very truly yours,

Jeffrey S. Polenske, P.E.  
City Engineer

Mariano A. Schifalacqua, P.E.  
Commissioner of Public Works
