First one for the file, I think.

At least from me!

**Subject:** writing to support adoption of Milwaukee's Climate & Equity Plan

Dear Members of the Common Council and Mr. Mayor,

**I am writing to support adoption of Milwaukee's Climate and Equity Plan as part of the city's Comprehensive Plan.**

A more equitable society does not happen on its own; it takes thoughtful, intentional effort to overcome the segregation and inequities of our past and present. This plan takes into account the fact that not all Milwaukeeans have had equitable access to resources and support, and works to provide these folks with additional resources moving forward.

Climate change is here, and it will impact our most vulnerable community members the most. This plan calls for bold action to mitigate and prepare for climate change, and works to increase the resilience of our most vulnerable neighbors and systems.

Please adopt Milwaukee's Climate and Equity Plan as a part of the city's Comprehensive Plan!
