FILE NUMBER 171217

To the Judiciary and Legislation Committee

Subject: 2018 Special Assessment Rates

Dear Honorable Members:

On September 2, 2008, the Common Council adopted File Number 080034 setting forth minimum recovery ratios for special assessments. In addition, File Number 000974 directed that the assessment rates be adjusted as necessary to conform with the ratios.

For your information, we are proposing that the 2018 rates remain the same as the 2017 rates with the exception of speed tables, as shown on the following charts. In compliance with the council directives, we will implement the 2018 special assessment rates upon acceptance of this file. Attached are the following five exhibits.

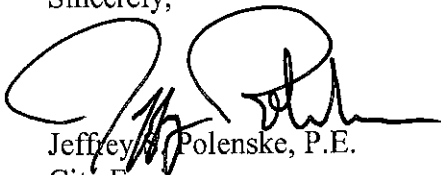

Exhibits "A" and "B" - Charts listing major assessable construction items, 2014- 2017 bid costs including engineering and overhead, current and proposed special assessment rates.

Exhibit "C" - A chart indicating the affects of the proposed rates for a typical lot for several types of improvements.

Exhibits "D" and "E" - Charts listing a 30+ year history for various types of improvements, the rates and the proposed special assessment rates for 2018.

Please contact me with any questions concerning the rates.

Sincerely,

Jeffrey S. Polenske, P.E.
City Engineer
