VIA FEDERAL EXPRESS

RE: Highland Park Apartments
Milwaukee, WI

Dear Representative:

As outlined in the City's instructions for filing a claim, Sherman Associates, Inc., the management agent for Highland Park Apartments, hereby is filing a claim for damages caused by the City's staff at this property.

As outlined in the recap provided in the attached packet, this incident occurred on March 11, 2023. The cause of this damage was the incorrect installation by City staff of one of the replacement water meters needed at the property. Sherman Associates has connected with the City and toured the damaged area with the City's project manager. A record of this visit should be available within your records.

The cost of the repairs required because of the actions of City staff totals \$164,362, as shown in the attached packet. Please connect with me at 612.337.2608 or sanderson@sherman-associates.com with any questions you may have to finalize this claim.

Sincerely,

Shiva M. Anderson
Senior Vice President
Corporate Compliance

OFFICE OF CITY ATTORNEY

CITY OF MILWAUKEE
2023 APR 12 PM 2:28
CITY CLERK'S OFFICE

Property: Highland Park Apartments
Location: 1145 N. Callahan Place, Milwaukee
Date of Incident: March 11, 2023
Time: 1:29 a.m.

Description

Date	Description
3/10/23	City replaced water meters in all 3 buildings including the location outlined above
3/11/23	On-call maintenance technicians responded to several no heat/no hot water calls. Upon approaching the basement in building 1145 N. Callahan Place, they noticed high level of standing water in basement. Upon investigation, they determined that water meeting connection has failed. They contacted the City and they were advised to let the water run until Monday. Due to amount of accumulating water as well as no heat/hot water in this building, Ideal Mechanical was contacted to address this issue to avoid further damage. Ideal Mechanical was able to shut the water down and scheduled a time to return to the property the next day.
3/12/23	Ideal Mechanical managed to restore heat in the building, but hot water could not be restored until 3/13/23. Management was at the property and distributed notices to all residents informing them of the situation.
3/12/23	Management connected with Sid Grinker to schedule restoration process and scheduled it for 3/13/23. Requesting a full scope and pricing for restoration.
3/13/23	Ideal Mechanical repaired water meter connections and temporary restored functionality of boilers and water heaters.
3/13/23	Management contacted Otis Elevator to inspect elevator equipment since the motors were submerged in standing water causing it to shut down.

PIEPER ELECTRIC, INC. dba IDEAL MECHANICAL

Rev 04 20

TERMS AND CONDITIONS OF SALE

1. LIEN NOTICE. As required by the Wisconsin Construction Lien Law, Seller (Pieper Electric, Inc. and all DBAs) hereby notifies Owner that persons or companies furnishing labor or materials for the construction on Owner's land may have lien rights on the Owner's land and buildings if not paid. Those entitled to lien rights, in addition to Seller, are those who contract directly with the Owner or those who give the Owner notice within sixty (60) days after they first furnish labor or materials for the construction. Accordingly, Owner will probably receive notices from those who furnish labor or materials for the construction, and should give a copy of each notice received to his mortgage lender, if any. Seller agrees to cooperate with the Owner and his lender, if any, to see that all potential lien claimants are duly paid.

2. ENTIRE AGREEMENT. This Agreement constitutes the entire contract for material, work, and other goods and services (collectively "Goods") between the Seller and the buyer ordering such Goods ("Buyer"). It is expressly agreed that no statement, arrangement, warranty, or understanding, oral or written, expressed or implied, will be recognized unless it is stated in, or otherwise permitted by, this Agreement. This Agreement is solely for the benefit of Buyer and Seller, and is not intended for the benefit of any other party.

3. PROPOSAL. Seller is responsible for, and shall have sole control of, the construction methods, sequences and coordination of all work described in the Proposal, unless expressly stated to the contrary. Any items not listed are not included in the Agreement price and shall be the obligation of the Buyer.

4. CONSTRUCTION MATERIALS. All materials and work shall be furnished in accordance with normal industry tolerances for color, variation, thickness, size, weight, amount, finish, texture and performance standards. Excess materials delivered to job site and/or materials not physically attached to the structure after substantial completion of the work contemplated by this Agreement shall remain the property of Seller.

5. ACCESS TO WORK AND SITE. Buyer shall provide electric power, water, telephone and toilet facilities for use by Seller and its subcontractors/employees. Storage of materials and storage of Seller's equipment shall also be provided by Buyer. All utility connections and service charges, if any, shall be paid by the Buyer. Furthermore, Buyer agrees to maintain access for Seller at the Project Site to keep Project Site free from obstructions and conflicting work, and to obtain permission for Seller to gain access through adjacent property, if required by Seller to do so. Buyer shall be solely responsible for all risk, shall hold Seller harmless and free of liability, and shall compensate for any damages or costs arising out of such access or the failure to maintain access, except to the extent due to the intentional acts of Seller, its agents and/or employees.

6. INSURANCE. Seller shall maintain workers' compensation, automobile liability, commercial general liability and such other insurance as required by law. Seller will furnish a Certificate of Insurance evidencing the types and amounts of its coverage, upon request. Buyer shall maintain insurance covering all physical loss expressly including, but not limited to, coverage for collapse, fire, wind damage, theft, vandalism and malicious mischief, naming Seller as additional insured. Buyer assumes risk of loss during construction, except for the intentional acts of Seller, its subcontractors or employees.

7. ENVIRONMENTAL HAZARDS. Seller is not responsible for any environmental hazards. The Buyer shall be solely responsible for all risk, shall indemnify and hold Seller harmless and free of liability, and shall bear the costs of any removal or correction of environmental materials.

8. SITE CONDITIONS. Seller shall not be responsible for additional costs due to the existence of latent conditions that are not disclosed in writing to Seller. The raising, disconnection, re-connection or relocation of any mechanical equipment that may be necessary for Seller to perform the work shall be performed by others or treated as an extra.

9. PAYMENT. Buyer shall timely make all payments required by this Agreement. Time is of the essence as to all terms of payment. Buyer agrees that, in addition to other remedies available to Seller, if payment is not timely made, Seller shall be entitled to a service charge of 1.0% per month on all past due amounts, plus, if not contrary to any law, all costs of collection including actual attorneys' fees. Seller shall furnish lien waivers to Buyer at the time each Progress Payment and the Final Payment is made to Seller for the proportionate value of all Goods ordered or delivered as of the time the payment is made. Final Payment shall constitute acceptance and approval of all work, and a waiver of all claims by Buyer, except those arising from liens or the warranty included in this Agreement. No retention shall apply to any of the work.

10. JOB SIGN. Buyer agrees to allow Seller to display a construction sign at the Project Site.

11. CHANGES. No changes, additions, alterations, deviations or extras to the Plans and Specifications shall be made without a written Change Order signed by the Buyer and Seller in advance, which will be performed based on Seller's standard time and material rates. Notwithstanding, Buyer's signature shall not be required for changes necessary to conform to codes, laws or regulations required by any utility or governmental authority, or to address existing conditions of the Project Site unknown to Seller at the time Seller signs this Agreement. All Change Orders shall be incorporated as part of this Agreement. Upon Seller's request, Buyer agrees to pay for all changes in advance of each change being commenced. Buyer understands and agrees that changes will extend the time of performance by at least 5 work days for each change unless otherwise agreed in writing.

12. WORK STOPPAGE. Should work be stopped for any reason, including but not limited to, public authority, Force Majeure event defined in paragraph 13, or the Buyer for more than thirty calendar days, Seller may terminate this Agreement and collect for the value of all work completed and materials ordered as of the date work is stopped, plus Seller's anticipated profit under this Agreement. Buyer's failure to sign Change Orders or Buyer's refusal to make progress payments, or any other cause beyond Seller's sole control, shall also be cause for work stoppage by Seller.

13. DELAY. Work shall be completed within the number of working days stated in this Agreement, unless delay occurs due to work stoppage, adverse weather conditions, labor disputes, changes by Buyer, work performed by Buyer (or Buyer's separate contractors) or

governmental authorities, unavailability of materials or supplies, unavoidable casualties, accidents, environmental hazards, a Force Majeure event (includes but not limited to; war, riots, earthquakes, hurricanes, tornadoes, floods, lightning, explosions, energy blackouts/brownouts, lockouts, slowdowns, strikes, terrorism, unforeseen governmental legislation, action or declaration, or health emergency (including local, regional, or nation epidemic or pandemic)). Buyer's failure to make payments as required by this Agreement, or any other cause beyond Seller's sole control. Any such delay shall extend the time of performance or, at Seller's Option, terminate this Agreement if the cause of the delay cannot be resolved within thirty calendar days. Where Seller elects to extend performance, Seller shall also be entitled to additional payment to reflect any increased cost of labor and/or materials. Seller will give notice to Buyer of delay and any adjustments to time of performance or cost of the work necessitated by the delay.

14. DISPUTES. These Terms shall be deemed to have been made in and governed by the laws of the State of Wisconsin. Any legal suit or action with regard to these Terms or the Project hereunder may, at Seller's option, be venue in Milwaukee County Circuit Court, Wisconsin. Seller may also, at Seller's sole discretion, elect arbitration and/or mediation in place of civil litigation, without regard to whether litigation has been commenced by Buyer. If an Arbitrator cannot be agreed upon, Seller can petition Circuit Court for same.

15. WARRANTY. Seller warrants and guarantees to Buyer that all material and equipment, and the work to be performed hereunder, will be of good quality and free from faults and defects. This warranty shall cover material (except lamps and other expendables) for the manufacturer's stated warranty period and workmanship for one year from the date of substantial completion. This warranty does not apply to bid work if the bid documents stipulate a lesser warranty. This warranty is in lieu of all other warranties, express or implied, of merchantability, fitness for a particular purpose, performance, or otherwise. Seller's liability under the warranty is strictly and exclusively limited to the repair or replacement at the job site of such work (including material and equipment) as is found to be defective within such warranty period, and with respect to which the Buyer has given Seller prompt written notice within such period. No allowance will be made for repairs or alterations unless made with Seller's prior written consent or approval. In no event shall Seller be liable for claims for any other damages based upon breach of express or implied warranty or negligence whether direct, immediate, foreseeable, consequential or special. This paragraph states Seller's entire liability with respect to warranties, guarantees, or representations, express or implied. Seller will be held harmless against claims, damages, losses and expenses, including attorneys' fees arising from work not done by Seller's own workforce.

16. CONFLICTS/INCONSISTENCIES. If any inconsistency or ambiguity is believed to exist among any of the documents comprising the contract, the inconsistency or ambiguity shall be resolved by applying the following order of precedence: (a) this Agreement including these Terms and Conditions; (b) the plans and specifications, if any; (c) other documents comprising the contract, if any.

17. ASBESTOS AND TOXIC MATERIALS. This proposal and contract is based upon the work to be performed by Seller not involving asbestos-containing or toxic materials and that such materials will not be encountered or disturbed during the course of performing the work. Seller is not responsible for expenses, claims or damages arising out of the presence, disturbance, or removal of asbestos-containing or toxic material. In the event that such materials are encountered, Seller shall be entitled to reasonable compensation for all additional expenses incurred as a result of the presence of asbestos-containing or toxic materials at the work site.

18. PROTECTION OF PERSONAL PROPERTY AND PROJECT SITE. Buyer agrees to remove or protect any personal property inside and outside the Project Site. Seller shall make reasonable efforts to avoid damage to existing property. Seller will make every effort to keep dust down to a bare minimum. Seller is not responsible for housecleaning or damages during normal construction activities.

19. IMPAIRMENT OF CREDIT. If Buyer is or becomes insolvent, or is unable to pay his debts as they mature, or files or has filed against him a bankruptcy, insolvency, or similar petition or fails to pay any debt arising hereunder to Seller on time, or if Seller in good faith doubts the ability of Buyer to pay, Seller may, at its option, either: (a) terminate the work at any time thereafter, and Buyer shall thereupon pay for all work performed on a pro-rata basis plus all lost profit or (b) discontinue work until such time as the Buyer has paid Seller in full for work performed, has agreed to pay Seller for any additional costs incurred because of such discontinuance, and upon such other terms or conditions as may be imposed by Seller to ensure the payment for the work.

20. HOLD HARMLESS. Seller will hold harmless and defend Buyer against any claims brought by a third party for damages or losses arising out of Seller's performance of work under this contract, provided that the third party claim is attributable to bodily injury or death, or injury to or from destruction of tangible property, but only to the extent caused by the negligence of Seller or Seller's Subcontractors and not caused in whole or in part by the Buyer or its agents, employees or representatives. Seller shall not be liable for any consequential damages claimed by any party including, but not limited to, lost profits, loss of use, or attorney's fees. As conditions precedent to Seller's duties under this provision, Buyer must: (a) provide Seller with written notice of any claim against Buyer immediately after Buyer is aware of the claim; and (b) remain current with all of Buyer's obligations under this contract. This provision is null and void if the Buyer fails to perform any of its obligations under this contract. Seller shall have the sole right to manage the defense of the claim or resolve the claim. Buyer agrees to fully cooperate with Seller in the investigation and defense of any claim brought by another party.

21. WORKING HOURS. Unless specifically noted, all work included in this contract is to be performed during normal business hours, Monday through Friday. Work performed at any other time, or on legal holidays, will result in an extra charge to Buyer.

GENERAL EXCLUSIONS. Seller shall not be responsible for coordinating or supervising work performed by Buyer's own forces or contractors. Seller shall be entitled to an equitable adjustment for hidden or latent conditions. Cost of pumping water from basements and other excavations is not included in quotation. Any alteration or deviation from the specifications as outlined on reverse involving extra cost of material or labor will only be executed upon written orders for same and will become an extra charge over the sum mentioned in this contract. Seller is not responsible for damage to underground services. Any changes in local or state codes effective after date of proposal will be charged as an extra or credited as the case may be. Patching of walls and floors is to be done by others unless specifically stated in this contract as Seller's responsibility.

PROJECT LOCATION

HIGHLAND PARK APTS
1145 N CALLAHAN
MILWAUKEE, WI 53202

PROPOSAL NUMBER

QTE-001613725

We propose to furnish the necessary material and labor on the following units:

Unit	Customer Designation
C26506	ONLY ELV

SCOPE OF WORK**POWER UNIT (NEW)**

The existing power unit will be replaced with a new power unit. The new power unit consists of a positive displacement pump, motor, integral 4-coil control valve, oil tank and muffler.

The pump and motor are submerged and are mounted to the tank with rubber isolators to reduce vibration and noise. A muffler is provided to dissipate pulsations and noise from the flow of hydraulic fluid. The valve consists of up, up leveling, down and down leveling controls along with manual lowering and a pressure relief valve.

SOLID STATE STARTER

We shall furnish and install the new Solid-State Starter to control the motor starting and limit the in-rush current. The new starter shall have built-in protection for overload conditions, reverse phase, loss of phase, and shorted SCR. We shall remove the existing mechanical starter contactor assembly and wire and adjust and test the new starter for smooth operation.

This proposal does not cover future repair or replacement to unseen items that experienced exposure to water damage.

NOTE: With water damage many problems are not visible and they are known to create many unforeseen problems over a period of time that is past the actual occurrence date. Please be aware we will bring these items to your attention and we will send you an additional proposal for any repairs relating to the damage for this occurrence, in addition to the originating service call.

You understand and agree that payment for our services shall not be predicated, contingent, conditioned upon, or otherwise related to any reimbursement from any insurance company or any other third party.

Material provided shall be installed in accordance with the ASME A17.1 Safety Code for Elevators and Escalators.

The customer will be responsible for paying local inspection fees if applicable.

A representative will contact you to schedule the work. All work will be performed during regular working days and hours of the Elevator Trade unless otherwise specified above.

OTIS SERVICE AND REPAIR ORDER

PRICE

\$28,361.39

Twenty-eight thousand three hundred sixty-one and 39/100 dollars

This price is based on a one hundred percent (100%) downpayment in the amount of \$28,361.39

Payment terms:

- The base proposal price is contingent upon receiving a downpayment of one hundred percent (100%) of the base contract amount.
- The downpayment amount is due in full prior to Otis ordering material and/or mobilizing.
- If you choose the alternative downpayment amount listed below, the corresponding add shall be applied to the base contract amount.

Downpayment Amount	Price Adjustment Percentage	Authorization (Initial)
50%	+10%	

In the event 100% of the contract price is not paid up front, we must be paid the remaining balance no later than the completion of work. Final invoice will be submitted once work is scheduled.

This proposal, including the provisions printed on the pages following, shall be a binding contract between you, or the party identified below for whom you are authorized to contract (collectively referred to herein as "you"), and us when accepted by you through execution of this proposal by you and approved by our authorized representative; or by your authorizing us to perform work for the project and our commencing such work.

TERMS AND CONDITIONS

1. This quotation is subject to change or withdrawal by us prior to acceptance by you.
2. The work shall be performed for the agreed price plus any applicable sales, excise or similar taxes as required by law. In addition to the agreed price, you shall pay to us any future applicable tax imposed on us, our suppliers or you in connection with the performance of the work described.
3. Payments shall be made as follows: A down payment of One Hundred percent (100.0%) of the price shall be paid by you upon your signing of this document. Full payment shall be made on completion if the work is completed within a thirty days period. If the work is not completed within a thirty day period, monthly progress payments shall be made based on the value of any equipment ready or delivered. We reserve the right to discontinue our work at any time until payments shall have been made as agreed and we have assurance satisfactory to us that subsequent payments will be made when due. Payments not received within thirty (30) days of the date of invoice shall be subject to interest accrued at the rate of eighteen percent (18%) per annum or at the maximum rate allowed by applicable law, whichever is less. We shall also be entitled to reimbursement from you of the expenses, including attorney's fees, incurred in collecting any overdue payments.
4. Our performance is conditioned upon your securing any required governmental approvals for the installation of any equipment provided hereunder and your providing our workmen with a safe place in which to work. Additionally, you agree to notify us if you are aware or become aware prior to the completion of the work of the existence of asbestos or other hazardous material in any elevator hoistway, machine room, hallway or other place in the building where Otis personnel are or may be required to perform their work. In the event it should become necessary to abate, encapsulate or remove asbestos or other hazardous materials from the building, you agree to be responsible for such abatement, encapsulation or removal, and in such event Otis shall be entitled to delay its work until it is determined to our satisfaction that no hazard exists and compensation for delays encountered if such delay is more than sixty (60) days. In any event, we reserve the right to discontinue our work in the building whenever in our opinion this provision is being violated.
5. Unless otherwise agreed in writing, it is understood that the work shall be performed during our regular working hours of our regular working days. If overtime work is mutually agreed upon and performed, an additional charge therefore, at our usual rates for such work, shall be added to the contract price. The performance of our work hereunder is conditioned on your performing the preparatory work and supplying the necessary data specified on the front of this proposal or in the attached specification, if any. Should we be required to make an unscheduled return to your site to begin or complete the work due to your request, acts or omissions, then such return visits shall be subject to additional charges at our then current labor rates.
6. Title to any material to be furnished hereunder shall pass to you when final payment for such material is received. In addition, we shall retain a security interest in all material furnished hereunder and not paid for in full. You agree that a copy of this Agreement may be used as a financing statement for the purpose of placing upon public record our interest in any material furnished hereunder, and you agree to execute a UCC -1 form or any other document reasonably requested by us for that purpose.
7. Except insofar as your equipment may be covered by an Otis maintenance or service contract, it is agreed that we will make no examination of your equipment other than that necessary to do the work described in this contract and assume no responsibility for any part of your equipment except that upon which work has been done under this contract.
8. Otis shall not be liable for any loss, damage or delay due to any cause beyond our reasonable control including, but not limited to, acts of government, strikes, lockouts, other labor disputes, fire, explosion, theft, floods, water damage, weather damage, extreme weather, traffic conditions, epidemic, pandemic, quarantine (including Covid-19), sabotage, cyber security, national emergency, act of terrorism, earthquake, riot, civil commotion, war or insurrection, vandalism, misuse, abuse, mischief, or acts of God or nature.
9. We warrant that all services furnished will be performed in a workmanlike manner. We also warrant that any equipment provided hereunder shall be free from defects in workmanship and material. Our sole responsibility under this warranty shall be at our option to correct any defective services and to either repair or replace any component of the equipment found to be defective in workmanship or material provided that written notice of such defects shall have been given to us by you within ninety (90) days after completion of the work or such longer period as may be indicated on the front of this form. All defective parts that are removed and replaced by us shall become our property. We do not agree under this warranty to bear the cost of repairs or replacements due to vandalism, abuse, misuse, neglect, normal wear and tear, modifications not performed by us, improper or insufficient maintenance by others, or any causes beyond our control. We shall conduct, at our own expense, the entire defense of any claim, suit or action alleging that, without further combination, the use by you of any equipment provided hereunder directly infringes any patent, but only on the conditions that (a) we receive prompt written notice of such claim, suit or action and full opportunity and authority to assume the sole defense thereof, including settlement and appeals, and all information available to you for such defense; (b) said equipment is made according to a specification or design furnished by us; and (c) the claim, suit or action is brought against you. Provided all of the foregoing conditions have been met, we shall, at our own expense, either settle said claim, suit or action or shall pay all damages excluding consequential damages and costs awarded by the court therein and, if the use or resale of such equipment is finally enjoined, we shall, at our option, (i) procure for you the right to use the equipment, (ii) replace the equipment with equivalent noninfringing equipment, (iii) modify the equipment so it becomes noninfringing but equivalent, or (iv) remove the equipment and refund the purchase price (if any) less a reasonable allowance for use, damage and obsolescence.
THE EXPRESS WARRANTIES SET FORTH HEREIN ARE THE EXCLUSIVE WARRANTIES GIVEN; WE MAKE NO OTHER WARRANTIES EXPRESS OR IMPLIED, AND SPECIFICALLY MAKE NO WARRANTY OF MERCHANTABILITY OR OF FITNESS FOR ANY PARTICULAR PURPOSE; AND THE EXPRESS WARRANTIES SET FORTH IN THIS ARTICLE ARE IN LIEU OF ANY SUCH WARRANTIES AND ANY OTHER OBLIGATION OR LIABILITY ON OUR PART.
10. Under no circumstances shall either party be liable for special, indirect, liquidated, or consequential damages in contract, tort, including negligence, warranty or otherwise, notwithstanding any indemnity provision to the contrary. Notwithstanding any provision in any contract document to the contrary, our acceptance is conditioned on being allowed additional time for the performance of the Work due to delays beyond our reasonable control. Your remedies set forth herein are exclusive and our liability with respect to any contract, or anything done in connection therewith such as performance or breach thereof, or from

- the manufacture, sale, delivery, installation, repair or use of any equipment furnished under this contract, whether in contract, in tort (including negligence), in warranty or otherwise, shall not exceed the price for the equipment or services rendered.
- 11. To the fullest extent permitted by law, you agree to hold us harmless, and defend us and indemnify us against any claim or suit for personal injury or property damage arising out of this contract unless such damage or injury arises from our sole negligence.
- 12. It is agreed that after completion of our work, you shall be responsible for ensuring that the operation of any equipment being furnished hereunder is periodically inspected. The interval between such inspections shall not be longer than what may be required by the applicable governing safety code. Notwithstanding any other provisions hereof, if any part delivered hereunder incorporates software, the transaction is not a sale of such software; rather, you are hereby granted merely a license to use such software solely for operating the equipment for which such part was ordered. By accepting delivery of such part, you agree not to copy or let others copy such software for any purpose whatsoever, to keep such software in confidence as a trade secret, and not to transfer possession of such part to others except as a part of a transfer of ownership of the equipment in which such part is installed, provided that you inform us in writing about such ownership transfer and the transferee agrees in writing to abide by the above license terms.
- 13. In furtherance of OSHA's directive contained in 29 C.F.R. § 1910.147(f)(2)(i), which requires that a service provider (an "outside employer") and its customer (an "on-site employer") must inform each other of their respective lock out/tag out ("LOTO") procedures whenever outside servicing personnel are to be engaged in control of hazardous energy activities on the customer's site, Otis incorporates by reference its mechanical LOTO procedures and its electrical LOTO procedures. These procedures can be obtained at www.otis.com by clicking on "Tools & Resources" on the home page, selecting "Lockout Tagout Policy" under the "Safety Information" column and downloading the "Lockout Tagout Policy Otis 6.0" and "Mechanical Energy Policy Otis 7.0," or the then most current version, both of which are in .pdf format. You agree that you will disseminate these procedures throughout your organization to the appropriate personnel who may interact with Otis personnel while Otis personnel are working on site of your facility and will ensure that such personnel comply with these LOTO procedures while Otis personnel are working on site.
- 14. This Agreement constitutes the entire understanding between the parties regarding the subject matter hereof and may not be modified by any terms on your order form or any other document and supersedes any prior written or oral communication relating to the same subject. Any amendment or modifications to this Agreement shall not be binding upon either party unless agreed to in writing by an authorized representative of each party.
- 15. This Contract will be deemed voidable, even after execution, if it is determined by Otis that performance of the services and/or engagement in the contractual relationship/transaction will violate, or is otherwise restricted by, any and all laws, regulations and/or orders, including sanctions laws, that are applicable to Otis or otherwise apply to Otis' operations.
- 16. By accepting delivery of parts incorporating software, you agree that the transaction is not a sale of such software but merely a license to use such software solely for operating the unit(s) for which the part was provided, not to copy or let others copy such software for any purpose whatsoever, to keep such software in confidence as a trade secret, and not to transfer possession of such part to others except as a part of a transfer of ownership of the equipment in which such part is installed, provided that you inform us in writing about such ownership transfer and the transferee agrees in writing to abide by the above license terms prior to any such transfer.

PIEPER ELECTRIC, INC. dba IDEAL MECHANICAL

Rev 04 20

TERMS AND CONDITIONS OF SALE

1. LIEN NOTICE. As required by the Wisconsin Construction Lien Law, Seller (Pieper Electric, Inc. and all DBAs) hereby notifies Owner that persons or companies furnishing labor or materials for the construction on Owner's land may have lien rights on the Owner's land and buildings if not paid. Those entitled to lien rights, in addition to Seller, are those who contract directly with the Owner or those who give the Owner notice within sixty (60) days after they first furnish labor or materials for the construction. Accordingly, Owner will probably receive notices from those who furnish labor or materials for the construction, and should give a copy of each notice received to his mortgage lender, if any. Seller agrees to cooperate with the Owner and his lender, if any, to see that all potential lien claimants are duly paid.

2. ENTIRE AGREEMENT. This Agreement constitutes the entire contract for material, work, and other goods and services (collectively "Goods") between the Seller and the buyer ordering such Goods ("Buyer"). It is expressly agreed that no statement, arrangement, warranty, or understanding, oral or written, expressed or implied, will be recognized unless it is stated in, or otherwise permitted by, this Agreement. This Agreement is solely for the benefit of Buyer and Seller, and is not intended for the benefit of any other party.

3. PROPOSAL. Seller is responsible for, and shall have sole control of, the construction methods, sequences and coordination of all work described in the Proposal, unless expressly stated to the contrary. Any items not listed are not included in the Agreement price and shall be the obligation of the Buyer.

4. CONSTRUCTION MATERIALS. All materials and work shall be furnished in accordance with normal industry tolerances for color, variation, thickness, size, weight, amount, finish, texture and performance standards. Excess materials delivered to job site and/or materials not physically attached to the structure after substantial completion of the work contemplated by this Agreement shall remain the property of Seller.

5. ACCESS TO WORK AND SITE. Buyer shall provide electric power, water, telephone and toilet facilities for use by Seller and its subcontractors/employees. Storage of materials and storage of Seller's equipment shall also be provided by Buyer. All utility connections and service charges, if any, shall be paid by the Buyer. Furthermore, Buyer agrees to maintain access for Seller at the Project Site to keep Project Site free from obstructions and conflicting work, and to obtain permission for Seller to gain access through adjacent property, if required by Seller to do so. Buyer shall be solely responsible for all risk, shall hold Seller harmless and free of liability, and shall compensate for any damages or costs arising out of such access or the failure to maintain access, except to the extent due to the intentional acts of Seller, its agents and/or employees.

6. INSURANCE. Seller shall maintain workers' compensation, automobile liability, commercial general liability and such other insurance as required by law. Seller will furnish a Certificate of Insurance evidencing the types and amounts of its coverage, upon request. Buyer shall maintain insurance covering all physical loss expressly including, but not limited to, coverage for collapse, fire, wind damage, theft, vandalism and malicious mischief, naming Seller as additional insured. Buyer assumes risk of loss during construction, except for the intentional acts of Seller, its subcontractors or employees.

7. ENVIRONMENTAL HAZARDS. Seller is not responsible for any environmental hazards. The Buyer shall be solely responsible for all risk, shall indemnify and hold Seller harmless and free of liability, and shall bear the costs of any removal or correction of environmental materials.

8. SITE CONDITIONS. Seller shall not be responsible for additional costs due to the existence of latent conditions that are not disclosed in writing to Seller. The raising, disconnection, re-connection or relocation of any mechanical equipment that may be necessary for Seller to perform the work shall be performed by others or treated as an extra.

9. PAYMENT. Buyer shall timely make all payments required by this Agreement. Time is of the essence as to all terms of payment. Buyer agrees that, in addition to other remedies available to Seller, if payment is not timely made, Seller shall be entitled to a service charge of 1.0% per month on all past due amounts, plus, if not contrary to any law, all costs of collection including actual attorneys' fees. Seller shall furnish lien waivers to Buyer at the time each Progress Payment and the Final Payment is made to Seller for the proportionate value of all Goods ordered or delivered as of the time the payment is made. Final Payment shall constitute acceptance and approval of all work, and a waiver of all claims by Buyer, except those arising from liens or the warranty included in this Agreement. No retention shall apply to any of the work.

10. JOB SIGN. Buyer agrees to allow Seller to display a construction sign at the Project Site.

11. CHANGES. No changes, additions, alterations, deviations or extras to the Plans and Specifications shall be made without a written Change Order signed by the Buyer and Seller in advance, which will be performed based on Seller's standard time and material rates. Notwithstanding, Buyer's signature shall not be required for changes necessary to conform to codes, laws or regulations required by any utility or governmental authority, or to address existing conditions of the Project Site unknown to Seller at the time Seller signs this Agreement. All Change Orders shall be incorporated as part of this Agreement. Upon Seller's request, Buyer agrees to pay for all changes in advance of each change being commenced. Buyer understands and agrees that changes will extend the time of performance by at least 5 work days for each change unless otherwise agreed in writing.

12. WORK STOPPAGE. Should work be stopped for any reason, including but not limited to, public authority, Force Majeure event defined in paragraph 13, or the Buyer for more than thirty calendar days, Seller may terminate this Agreement and collect for the value of all work completed and materials ordered as of the date work is stopped, plus Seller's anticipated profit under this Agreement. Buyer's failure to sign Change Orders or Buyer's refusal to make progress payments, or any other cause beyond Seller's sole control, shall also be cause for work stoppage by Seller.

13. DELAY. Work shall be completed within the number of working days stated in this Agreement, unless delay occurs due to work stoppage, adverse weather conditions, labor disputes, changes by Buyer, work performed by Buyer (or Buyer's separate contractors) or

governmental authorities, unavailability of materials or supplies, unavoidable casualties, accidents, environmental hazards, a Force Majeure event (includes but not limited to: war, riots, earthquakes, hurricanes, tornadoes, floods, lightning, explosions, energy blackouts/brownouts, lockouts, slowdowns, strikes, terrorism, unforeseen governmental legislation, action or declaration, or health emergency (including local, regional, or nation epidemic or pandemic)). Buyer's failure to make payments as required by this Agreement, or any other cause beyond Seller's sole control. Any such delay shall extend the time of performance or, at Seller's Option, terminate this Agreement if the cause of the delay cannot be resolved within thirty calendar days. Where Seller elects to extend performance, Seller shall also be entitled to additional payment to reflect any increased cost of labor and/or materials. Seller will give notice to Buyer of delay and any adjustments to time of performance or cost of the work necessitated by the delay.

14. DISPUTES. These Terms shall be deemed to have been made in and governed by the laws of the State of Wisconsin. Any legal suit or action with regard to these Terms or the Project hereunder may, at Seller's option, be venued in Milwaukee County Circuit Court, Wisconsin. Seller may also, at Seller's sole discretion, elect arbitration and/or mediation in place of civil litigation, without regard to whether litigation has been commenced by Buyer. If an Arbitrator cannot be agreed upon, Seller can petition Circuit Court for same.

15. WARRANTY. Seller warrants and guarantees to Buyer that all material and equipment, and the work to be performed hereunder, will be of good quality and free from faults and defects. This warranty shall cover material (except lamps and other expendables) for the manufacturer's stated warranty period and workmanship for one year from the date of substantial completion. This warranty does not apply to bid work if the bid documents stipulate a lesser warranty. This warranty is in lieu of all other warranties, express or implied, of merchantability, fitness for a particular purpose, performance, or otherwise. Seller's liability under the warranty is strictly and exclusively limited to the repair or replacement at the job site of such work (including material and equipment) as is found to be defective within such warranty period, and with respect to which the Buyer has given Seller prompt written notice within such period. No allowance will be made for repairs or alterations unless made with Seller's prior written consent or approval. In no event shall Seller be liable for claims for any other damages based upon breach of express or implied warranty or negligence whether direct, immediate, foreseeable, consequential or special. This paragraph states Seller's entire liability with respect to warranties, guarantees, or representations, express or implied. Seller will be held harmless against claims, damages, losses and expenses, including attorneys' fees arising from work not done by Seller's own workforce.

16. CONFLICTS/INCONSISTENCIES. If any inconsistency or ambiguity is believed to exist among any of the documents comprising the contract, the inconsistency or ambiguity shall be resolved by applying the following order of precedence: (a) this Agreement including these Terms and Conditions; (b) the plans and specifications, if any; (c) other documents comprising the contract, if any.

17. ASBESTOS AND TOXIC MATERIALS. This proposal and contract is based upon the work to be performed by Seller not involving asbestos-containing or toxic materials and that such materials will not be encountered or disturbed during the course of performing the work. Seller is not responsible for expenses, claims or damages arising out of the presence, disturbance, or removal of asbestos-containing or toxic material. In the event that such materials are encountered, Seller shall be entitled to reasonable compensation for all additional expenses incurred as a result of the presence of asbestos-containing or toxic materials at the work site.

18. PROTECTION OF PERSONAL PROPERTY AND PROJECT SITE. Buyer agrees to remove or protect any personal property inside and outside the Project Site. Seller shall make reasonable efforts to avoid damage to existing property. Seller will make every effort to keep dust down to a bare minimum. Seller is not responsible for housecleaning or damages during normal construction activities.

19. IMPAIRMENT OF CREDIT. If Buyer is or becomes insolvent, or is unable to pay his debts as they mature, or files or has filed against him a bankruptcy, insolvency, or similar petition or fails to pay any debt arising hereunder to Seller on time, or if Seller in good faith doubts the ability of Buyer to pay, Seller may, at its option, either: (a) terminate the work at any time thereafter, and Buyer shall thereupon pay for all work performed on a pro-rata basis plus all lost profit or (b) discontinue work until such time as the Buyer has paid Seller in full for work performed, has agreed to pay Seller for any additional costs incurred because of such discontinuance, and upon such other terms or conditions as may be imposed by Seller to ensure the payment for the work.

20. HOLD HARMLESS. Seller will hold harmless and defend Buyer against any claims brought by a third party for damages or losses arising out of Seller's performance of work under this contract, provided that the third party claim is attributable to bodily injury or death, or injury to or from destruction of tangible property, but only to the extent caused by the negligence of Seller or Seller's Subcontractors and not caused in whole or in part by the Buyer or its agents, employees or representatives. Seller shall not be liable for any consequential damages claimed by any party including, but not limited to, lost profits, loss of use, or attorney's fees. As conditions precedent to Seller's duties under this provision, Buyer must (a) provide Seller with written notice of any claim against Buyer immediately after Buyer is aware of the claim; and (b) remain current with all of Buyer's obligations under this contract. This provision is null and void if the Buyer fails to perform any of its obligations under this contract. Seller shall have the sole right to manage the defense of the claim or resolve the claim. Buyer agrees to fully cooperate with Seller in the investigation and defense of any claim brought by another party.

21. WORKING HOURS. Unless specifically noted, all work included in this contract is to be performed during normal business hours, Monday through Friday. Work performed at any other time, or on legal holidays, will result in an extra charge to Buyer.

GENERAL EXCLUSIONS. Seller shall not be responsible for coordinating or supervising work performed by Buyer's own forces or contractors. Seller shall be entitled to an equitable adjustment for hidden or latent conditions. Cost of pumping water from basements and other excavations is not included in quotation. Any alteration or deviation from the specifications as outlined on reverse involving extra cost of material or labor will only be executed upon written orders for same and will become an extra charge over the sum mentioned in this contract. Seller is not responsible for damage to underground services. Any changes in local or state codes effective after date of proposal will be charged as an extra or credited as the case may be. Patching of walls and floors is to be done by others unless specifically stated in this contract as Seller's responsibility.
