

7/7/22

To Whom It May Concern:

I would like to see  
my STBOMa support for the  
proposed multi-unit residential  
project on land adjacent to  
St. Mark's Episcopal Church.

It is important that we  
allow the church to leverage  
their resources to sustain the  
future of their organization  
and preservation of their historic  
structure. It is equally important  
that as a community we  
continue to encourage the develop-  
ment to ease housing in order  
to meet existing demand and  
prevent the unnecessary displacement  
of residents often caused by the  
shortage of available units.

Thank You for Your Consideration,

Wagon Bumbough,  
227 N Water St, Apt 4A
