Per MCO 85-2.7-4, probative evidence concerning whether or not a new license should be granted may be presented on the following subjects: whether or not the applicant meets the municipal requirements, the appropriateness of the location and premises where the licensed premises is to be located and whether use of the premises for the purposes or activities permitted by the license would tend to facilitate a public or private nuisance or create undesirable neighborhood problems such as disorderly patrons, unreasonably loud noise, litter, and excessive traffic and parking congestion. Dear licenses Committee of the Common Council

I John H Gray am writing this statement to appeal the Alderpersons objection to my application for a Food Dealer Retail license at 2490 W. Fondulac Av.

The reason for the objection lists "Neighborhood Concerns". I feel the community would be supportive and compliant to a new Food Vendor in the community at an existing business.

Thank You

Evidence regarding the fitness of the location of the premises to be maintained as the principal place of business, including but not limited to whether there is an overconcentration of businesses of the type for which the license is sought; whether the proposal is consistent with any pertinent neighborhood business or development plans, or the location's proximity to areas where children are typically present.
