Gun Locks Save Lives

In America, 1 out of 3 homes with kids have guns and nearly 1.7 million children live in a home with an unlocked, loaded gun. Talking to children about the dangers of firearms is not enough.

80% of unintentional firearm deaths of kids occur in the home.

Millions of guns are sold every year in "no questions asked" transactions. Experts estimate that 40 percent of guns now sold in America are done so without a Brady background check.

Every year 2,624 kids die from gun violence

Every day, 306 people in America are shot in murders, assaults, suicides & suicide attempts, unintentional shootings, and police intervention.

3 out of 4 children know where firearms are located at in the home.
