

March 9, 2010

To the Honorable, the Common Council

Subject: North Mayfair Road (STH 100)
West Burleigh Street to West Silver Spring Drive

Dear Council Members:

The Wisconsin Department of Transportation (WISDOT) has programmed the subject project for construction in 2012 as part of the State Trunk Highway Program.

North Mayfair Road (STH 100) between West Hampton Avenue and West Silver Spring Drive lies within the City of Milwaukee. Consequently, we have received a project agreement from the WISDOT to be executed by the City for its programming and construction. Preliminary engineering costs for this project will have 100 percent Federal/State participation and construction costs will have approximately 98 percent Federal/State cost participation. There will be an estimated amount of \$85,500 in participating construction items as shown in the attached project agreement.

City of Milwaukee costs for plan review, estimated at \$30,000, and non-participating construction costs such as water and sanitary sewer adjustments, estimated at \$25,000, will be funded 100 percent by the City of Milwaukee.

Attached is a resolution which authorizes the Commissioner of Public Works to execute the project agreement with the WISDOT for the programming and construction of the subject project with Federal/State aid. This resolution also authorizes the City Comptroller to transfer funds to the project sub account for the plan review cost to be conducted by the City of Milwaukee.

Very truly yours,

Jeffrey S. Polenske, PE
City Engineer

Jeffrey J. Mantes
Commissioner of Public Works
