To the Public Works Committee

Subject: Common Council Resolution File Number 140852

Dear Honorable Members:

Returned herewith is Common Council Resolution File Number 140852, being a resolution to grant a special privilege to R&D Capitol Commons LLC to install and maintain three bollards in the public right-of-way for the premises 4055 North Teutonia Avenue.

The applicant is requesting permission to install and maintain three bollards, which were discovered in the public way by city personnel preparing paving plans for the reconstruction of North Teutonia Avenue between West Capitol Drive and West Ruby Avenue. Said bollards, which are 4 feet tall and 7 inches in diameter, are located in the west tree border area of North Teutonia Avenue between a point that is approximately 500 feet north of the northline of West Capitol Drive and a point approximately 35 feet to the north.

We are not aware that the presence of the bollards will have an adverse effect on the general use of the public right-of-way. We have, therefore, prepared the attached special privilege resolution, which, if adopted, will allow, formally, the bollards to occupy the public right-of-way.

Sincerely,

Jeffrey S. Polenske, P.E.
City Engineer

Ghassan Korban, P.E.
Commissioner of Public Works

Preston Cole
Commissioner
Department of Neighborhood Services
