Hello Linda,

Please add this email thread to the file for tomorrow's council meeting. Item 104, 240521. The emails describe the articulated needs of 23 South Division students, from varied places in the world, that have specific and different needs when it comes to City and Emergency services. Speaks to the purpose of changing the council name to be more inclusive.

Thank you,  
Clifton

Good morning all! Maribel, thank you so much for getting this conversation started.

The student visit was more than enlightening and they provided some excellent questions and feedback. Just for my edification, I would like to specifically know the following:

1. If a resident is pulled over (or even stopped on foot) and approached by an officer, what is the protocol if English isn't their primary language?
2. Do we have an online place where residents can go to learn about "What to do if your stopped by the police" communicated in a variety of languages?
3. Do we have any relationships with any immigrant advocacy/social service groups that we intentionally ensure that they are getting update to date information in a variety of languages that support their constituency?
4. Is there anything that we already do to support new comers to our city (specifically as it relates to law enforcement)?

I want to give a shout out to the amazing students that came and did a visit. I would highly suggest that if anyone does revisit them at their school, to make sure that there are translation services available so that they can all understand what is being communicated. I love that we are having this discussion so that we are being intentionally about being inclusive. Every one of our residents deserve to be heard and communicated to in a manner that they will understand.

Deep gratitude for the team we work with!  
Sharlen

Good afternoon,

I would like to inform you that a group of Students at South Division group that pertain to the International Newcomer Centers for refugee and immigrant support came to City Hall for a visit. All the students have been in Milwaukee for less than a year. They brought up that they would like to know if there is translation available if they were ever to need Police assistance.

Ms. Berg did mention that she would love to have someone from the call center and Captain Pajot to go to South Division to speak to her student.

Ms. Berg's contact information is below.

Thank you,

Thank you so much for being so generous with your time. I wish we could see the hearing too and have a student share some information about what they have learned.

We can get a bus at 9:30 and could stay until 1 or 1:30 (busses typically won't pick up after that time as drivers need to do PM bus routes). We could definitely stay until 1 and hopefully a bit later.

Thank you again for everything!

Good afternoon Risa,

Please be aware that it is not required that you make the committee hearing for the Dec. 10<sup>th</sup> visit. President Pérez thought it would be best to give the students a look at how the committee process goes and wanted to shed light on your program as well. He would still like to offer the tour and stated he would like to provide lunch, if time permits. We will follow up with more details once we get a set arrival/ departure time from you.

Hi LaTasha,

I have reached out to our contracted bus companies to see if we can get a bus that early. It's usually quite tricky getting one before 9am. If we are unable to book one, would it be possible to instead join for the end of the committee meeting? If so, what time might that be?

Good morning everyone,

And welcome Ms. Aguilar, I look forward to meeting everyone in person during your visit! I've also added our amazing City Hall events and outreach coordinator Deborah Moore, who we will be meeting with next week to lock in the final details for the visit/tour.

The ZND hearing is scheduled to begin at 9am, so you all would need to arrive a few minutes prior to find seats. FYI, we are not expecting you all to stay the entire committee hearing. Please feel free to reach out to our office with any questions or concerns you may have.

Wow; this is amazing. Thank you. Can you share w us timing? We can definitely ask a student to say a few words. All are new English learners but some have stronger conversational skills. What an experience and an honor for them!

There are 23 students and 4 adults coming.

Our lead teacher Ms. Aguilar is copied on this and will reply with the specifics of the unit of study as well as goals.

Good afternoon Risa,

I was able to confirm a date with President Pérez for Dec. 10<sup>th</sup>. He will be chairing the Zoning, Neighborhood, and Development committee hearing that day and would like to have them sit in and see firsthand how the hearing process is conducted. He would also like to shine light on the program at the start of the meeting and has requested that one of the students (of your choosing) speak briefly about the program and its impact, if possible. In the meantime, if you could please provide a few details such as, a head count, your expected arrival and departure times, as well as an expectation of the visit in general, we'd greatly appreciate it. Once we receive that information, our office will follow up with a rough draft itinerary.

**Subject:** visit from South Division Newcomer Center

Good Morning:

You might be aware that South Division has the first Newcomer Center for high school arrivals in the state. It serves students who are new to the country and have little/no/interrupted education. Right now we have 23 students enrolled from all over the world.

The students are studying government and working to write letters to elected officials. We would like to plan a visit to city hall to take a tour and deliver their letters.

Would you or your office be available sometime in the next few weeks to schedule a short meeting? We would also love a simple tour.

Please let me know your availability and who we can work with to coordinate.

Thank you in advance!
