To the Public Works Committee

Subject: Common Council Resolution File Number 130810

Dear Honorable Members:

Returned herewith is Common Council Resolution File Number 130810, being a resolution to amend a special privilege to Milwaukee Plating Company for removal of two sets of concrete steps and for addition of set of metal steps and a single concrete step for the premises at 1434 North 4<sup>th</sup> Street.

In 1970, the Common Council granted permission to the applicant to construct and maintain two sets of concrete steps in the public right-of-way, both of which have been removed. The applicant is currently requesting formal permission to construct and maintain a new set of metal steps in east sidewalk area of North 4<sup>th</sup> Street. A site visit also revealed the presence of a new, single concrete step in the public way.

We are not aware that the presence of said items have had or will have an adverse effect on the general use of the public right-of-way. We have, therefore, prepared the attached special privilege resolution, which, if adopted, will formally allow said items to occupy the public right-of-way.

Very truly yours,

Jeffrey S. Polenske, P.E.  
City Engineer

Ghassan Korban  
Commissioner of Public Works

Art Dahlberg  
Commissioner  
Department of Neighborhood Services
