To Whom It May Concern:

My car, an 88 subaru was ticketed 12/30/07 for not being moved within 24 hours (and placarded). I proceeded to inform the Locust St. Police Department the car was not abandoned and purchased a new parking permit. The car was moved away 24 hours at least one complete parking space since that ticket. Enclosed is the receipt for the parking permit (copy).

I got to the lot ^{only} to discover that the tow-truck damaged the car. The front tow hook and exhaust both were off of the vehicle when I got there. I am claiming damage to the vehicle ^{from} towing.

In order to stop the accumulating charges, I turned in the title and paid the towing and storage.

Also, two weeks before (about) was the snow storm that everyone complained about. My car was actually pushed sideways into the curb from the plowing which caused a flat tire that I wouldn't have mentioned if the car wasn't towed. The tire leaked slowly, and I pumped it up everyday.

Here is how I think you could resolve this. Reimburse me for the towing and storage, have the city pay the cost of another tire, have the city cover the tow truck damage, and let me have the rest of the contents and license plates which I was refused to have when I went to pick them up. This whole ordeal is a complete waste of my time.

Also note that I was not allowed to shoot daylight pictures when I went to the tow lot to do so.

Plow damage \$40.00
 Towing & storage \$155.00
 Tow damage:
 1. weld tow hook \$35.00
 2. muffler back \$50.00

add \$150.00 for contents
 if the tow lot refuses to let me have them. (not rack, stereo)

\$280.00

ENC: copies of ticket & previous pictures

At the request of Robert Overhult, the value of the Subaru that was damaged and towed is here with this letter. It's a \$400.00 car before towing based on offers to purchase it.

I would like to settle this for the tow costs, storage fees and value of the car. without going to trial.

The plate was 353-DDD, 88 Subaru GL. Please include this letter with the original complaint.

Sincerely,

James Gosh
