

EMPLOYEE RESOURCE GROUPS

Employee Resource Group (ERGS) provide opportunities for personal and professional development, leadership, mentoring, volunteerism, cultural enrichment and community involvement. These employee-run networks connect employees who want to become more engaged with their colleagues and the City of Memphis community. ERGs that are open for membership include the following:

- Women's Circle
- LGBTQ
- Disability
- Veterans

This is a great opportunity to increase employee engagement and meet others with common interest. The goal is to provide a greater sense of inclusion within the City of Memphis by fostering camaraderie and community building.
