To the Public Works Committee

Subject: Common Council Resolution File Number 140464

Dear Honorable Members:

Returned herewith is Common Council Resolution File Number 140464, being a resolution to amend a special privilege to Artistic Plating Company Incorporated to construct and maintain a private sewer, manhole structure, gas meter and exhaust vent duct in the public right-of-way for the premises at 428 West Vliet Street.

Artistic Plating Company Incorporated had requested permission to construct and maintain raised planter areas, a drawbridge type loading dock, and two excess door swings in the public way. Permission for these items was granted in 1998 under Common Council Resolution File Number 980952. Subsequently, the planter areas and door swings were removed from the public right-of-way. The applicant's current request is to install a private force sewer main package, consisting of four 6-inch and one 3-inch diameter pipes, in the public alley between the premises at 428 West Vliet Street and 1433 North 4<sup>th</sup> Street. A site visit revealed the presence of a manhole structure, exhaust vent duct and gas meter all located between the northline of West Vliet Street and the paved public sidewalk.

We are not aware that the presence of said items has had or will have an adverse effect on the general use of the public right-of-way. We have, therefore, prepared the attached special privilege resolution, which, if adopted, will allow items to occupy the public right-of-way.

Very truly yours,

Jeffrey S. Polenske, P.E.  
City Engineer

Ghassan Korban  
Commissioner of Public Works

Art Dahlberg  
Commissioner  
Department of Neighborhood Services
