My name is Shidi Chesser and I am a union steward for the Milwaukee Service And Hospitality Workers Union in event security at the Fiserv Forum. I am writing to all the councilpersons with my request for the Council to pause consideration of the Moxy Hotel zoning change while there is a pending labor dispute at the Trade Hotel.

The main point I would like to emphasize is that NCG Hospitality, as I previously brought up to Alderman Stamper, who owns and operates the Trade and wants to build the Moxy, is the subject of Federal charges for illegal union-busting activities perpetrated against the service and hospitality employees at their hotel. As I and many others said at the public comments hearing of the City Plan Commission on Monday, February 17th, this is not the behavior we should tolerate from anyone doing business in our city or state.

I again respectfully request holding off granting the zoning change for the Moxy Hotel until there is resolution of the labor dispute with NCG Hospitality, through a settlement with MASH.

I look forward to your unwavering support of the service and hospitality workers who work hard every day to provide a great experience at our many venues in the downtown area.

Sincerely

Matshidiso Chesser
