CITY OF MILWAUKEE

RONALD D. LEONHARDT
CITY CLERK

To Whom It May Concern:

Date: January 6, 2002

Time: ~12:00am

Location: 4848 N 51st Blvd., Milwaukee

Incident: On the above referenced date, I was in my residence when I heard a loud screech followed by a tremendously loud crash. I looked out of the kitchen window that faces south into my driveway, where there were three vehicles parked, and into my neighbor's back yard. I observed a 1993-1994 model Ford Explorer running with the door open and music playing loudly. I also witnessed police officers in my back yard as well as my neighbors. I immediately went outside to investigate the situation and what created such a noise. I noticed a deep dent in the roof of the 1992 Cadillac Seville that was parked in the driveway. When I brought the damages to the officer's attention and asked about recovery for the damages, I was told to return inside for approximately one hour because they were in pursuit of a car jacker.

102 FEB 21 PM 3:28

Damages: This vehicle was recently purchased with no such damages. The room between the vehicle and the fence that separates our property is approximately 1 foot. Any person that may attempt to jump the fence would have a very difficult time landing without hitting a vehicle. I have included estimates of the repairs to correctly fix the damages created.

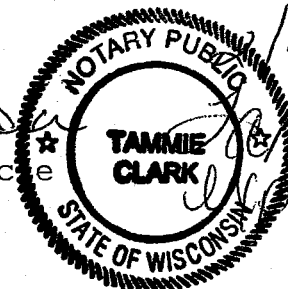

Thank you in advanced for your cooperation in resolving this issue.
