APRIL 15th 2002 the water
broke in front of my house
and damage my things
and I feel some one is
~~responsible~~ responsible for that
because the water mess up my
dryer and clothes and rug
some one need to buy me another
dryer or something and the man
came from downtown said he
was from the sewer department
I don't know his name but he
said they was not responsible
it was the city main line
and no one came out here
from the city to even look
at all the water but he did
at about 11:00 I think and

And they did not come at
7:00 AM they didn't come out
until later about 11:00 or
