Re: **The Moderne:** EBE and RPP Data through February 29, 2012

Dear Ms. Purvis:

As reported in May, 30.38% of all onsite construction hours on The Moderne were worked by individuals certified under the City's Residents Preference Program (RPP) through February 29, 2012.

Members of the Common Council and the Department of City Development requested additional detail regarding workforce participation, such as a breakdown of RPP workers by zip code, the number of RPP workers in various trades and the apprentice breakdown by trade.

Included on the following pages are tables which should address each of these requests. Furthermore, we will include updated data in future quarterly reports, the next of which will cover project start through June 30, 2012.

I would ask that Aldermen Bohl and Davis share this information with interested members of their committees.

If you, or any of those copied on this transmission have any questions, please feel free to contact me.

Thank you,

Lafayette L. Crump
