You don't often get email from david.henderson@ceviancapital.com. [Learn why this is important](#)

Dear City of Milwaukee,

I am writing in regards to the proposed development at 2604-2644 N Hackett Ave (File number 220401). I am both a local business owner and local resident (2800 block of Hackett).

I am in support of the full scope of the project, including the rezoning from RM-3 to RM-6. This project will be a net positive to the businesses and community in the local area – the added housing will bring additional population to the area to support businesses (you only need to look at the number of empty or poorly used storefronts in the area to see that these types of projects would be positive). The design both in terms of aesthetics and practicalities (including parking) creates a good fit with the neighborhood and community engagement.

If you need any further information to log my support, please let me know.

Kind regards,  
Dave
