

STATE REPRESENTATIVE
JONATHAN BROSTOFF
19TH ASSEMBLY DISTRICT

February 2, 2015

Mayor Barrett and Milwaukee Common Council
200 East Wells Street
Milwaukee, WI 53202

Dear Mayor Barrett and Milwaukee Common Council:

I write to you today to express my support of the proposed Streetcar. Development of a community resource such as this will provide more than diverse transportation options.

The construction and operation of the Streetcar would provide both short and long term job creation for our community. The bulk of the capital needed to grow this project will be provided through federal funding sources and would be passed to other states or cities if not utilized here.

The Streetcar will attract a fresh workforce and new businesses. It provide another environmentally friendly option to satisfy our city's transportation needs and a safe alternative to driving while under the influence of alcohol.

I support the proposed Streetcar because it makes sense as part of a larger growth strategy for Milwaukee. Please vote in favor of this valuable investment.

Thank you,

Rep. Jonathan Brostoff
Assembly District 19
