**Previous Council File No.**

**Change in Previously Approved Grant**

**Previous Council File No.**

**Project/Program Title:** Mpox Crisis Response Grant

**Grantor Agency:** Wisconsin Department of Health Services, Division of Public Health

**Grant Application Date:** 6/30/2023

**Anticipated Award Date:** 2/1/2023

**Please provide the following information:**

#### 1. Description of Grant Project/Program (Include Target Locations and Populations):

MHD will provide standing immunization clinics at Diverse and Resilient and BESTD in coordination with Health Connections, INC., to offer mpox immunization services to their clients. These organizations are a trusted resource for LGBTQ+ sexual health care making them uniquely positioned to reach the men who have sex with men community and others at risk of contracting mpox. MHD will also provide mobile vaccination services at community events that target high-risk populations. Incentives would be advertised and provided for individuals receiving first or second doses of Jynneos in the form of a \$25 gift card.

INPOWER is a minority-owned agency in Milwaukee's Harambee neighborhood, dedicated to driving positive change and empowering communities. They will launch a vaccination campaign with MHD, targeting high-risk individuals. Their support will deliver impactful production, advertising, and integration with HealthyMKE, improving public health outcomes in Milwaukee.

#### 2. Relationship to City-wide Strategic Goals and Departmental Objectives:

This program is consistent with City-wide strategic goals and department outcomes to reduce illness and injury from communicable diseases in Milwaukee.

#### 3. Need for Grant Funds and Impact on Other Departmental Operations (Applies only to Programs):

These funds will help enhance capabilities around communicable disease follow-up in Milwaukee.

#### 4. Results Measurement/Progress Report (Applies only to Programs):

- Number of clients served at each vaccine site (for example, number of clients receiving both first and second doses of JYNNEOS vaccine)
- Number of clients reached by educational materials (for example, websites, social media posts, events)
- Description of purpose, location, and population reached at each outreach event(s)
- Description of equitable approaches to increase education and vaccine coverage in populations disproportionately impacted by mpox
- Description of communication strategies used to create demand for and increase uptake of vaccination
- List of communication materials developed to create demand for and increase uptake of vaccination

#### 5. Grant Period, Timetable and Program Phase-out Plan:

February 1, 2023 – June 30, 2024

#### 6. Provide a List of Subgrantees:

None

#### 7. If Possible, Complete Grant Budget Form and Attach to Back.
