FY2021-2023 Wisconsin Internet Crime Against Children Task Force Program Grant

Grant Type: New Grant

Grantor: Wisconsin Department of Justice Division of Criminal Investigation

Grant Period: October 1, 2021 - September 30, 2023

Award Amount: \$80,000 (\$80,000 from Grantor, \$0 from City)

Match Required: None

Allocation Purpose: To fund overtime, supplies, and equipment to investigate internet crimes against children. Originally delayed, this grant combines funding from two grant years and is backdated to reflect the combined total of \$80,000.

Program Goal: The purpose of the grant is to increase law enforcement capabilities to detect, investigate, apprehend, and prosecute internet crimes against children offenses. As a member of the Wisconsin Internet Crime Against Children Task Force, a significant number of ICAC referrals from the National Center for Missing and Exploited Children resolve to the City of Milwaukee. Grant funding will be used for investigative overtime, supplies, and equipment required for the investigation and digital forensics of online child enticement, child exploitation, and child obscenity and pornography cases to aid prosecution of such offenders.
