Hello,

My name is Neomy Aguilar. I recently learned about the proposed data center construction in Midtown on 60th and Capitol, the former location of the Walmart store. I am concerned about this proposal and would like to express my concerns during the upcoming meeting with my peer, Adriyanna Armstrong.

As a representative of Mosaic Mentor, an organization at UW-Milwaukee dedicated to environmental sustainability and the overall well-being of children and families in Milwaukee County, I am particularly concerned about the potential impact of this data center on the area. The proposed site is located in a predominantly low-income Black community, which raises significant concerns about the potential negative consequences for the residents.

I would appreciate the opportunity to discuss this matter further with you. Please let me know if we can have a moment to speak during the meeting.

Thank you for your attention to this important issue.

Sincerely,
Neomy Aguilar & Adriyanna Armstrong
Mosaic Mentors
