Subject: ADU file re Milwaukee's zoning code
Date: Friday, May 30, 2025 11:08:33 AM

I live in the Historic Water Tower District on Milwaukee's East Side near Lake Park

Please do not allow zoning changes that allow the beautiful historic properties to be changed to 2 or more family units in this Historic district. These homes were but as single-family dwellings and are a special attraction in Milwaukee because of the historic nature and feel of this neighborhood.

If you allow altering these historic buildings, all of us lose an important part of Milwaukee history and the district will no longer serve a purpose.

Thank You,
Greg Fait
