Subject: Walkers Point NID Committee meeting 10-17-16

Hello Everyone,

I am still opposed to **this** NID.

The committee required meeting with the residents was more of a selection process regarding who they prefer to attend rather than an outreach to the home owner occupied section of the Walkers Point neighborhood. Held at 8:30 in the morning on a week day for Jose Perez's convenience who never made it.

The Walker Point developers of this NID should not be able to "cut up" the neighborhood in whatever way they choose. Please do not give them that right to divide our neighborhood.

If I understand correctly this is the first BID/NID combination. This is not the way to set a precedent!!

I like the idea of a NID but this particular one is poorly planned leaving out people who have collaborated as neighbors for DECADES!!

Wait until the NID is right for ALL of Walkers Point
