To the Honorable, the Common Council

Dear Honorable Members:

In 1881 and 1988, the City of Milwaukee was granted sewer easements SE-402 and SE-2169A/WE-516A, located in Vacated North Marshall Street from East Wisconsin Avenue to a point 120 feet south of East Wisconsin Avenue.

These easements are being released because the sewers and water main that were constructed in the easements have been abandoned. There are no plans for future sewer or water facilities in this area. These easements no longer serve the interest of the City of Milwaukee and should be released.

We have prepared the attached resolution authorizing and directing the proper City Officers to execute sewer easement releases SER-402 and SER-2169A/WER-516A.

We recommend adoption of the attached resolution.

Very truly yours,

Jeffrey S. Polenske, P.E.
City Engineer
