Good afternoon

The last time we spoke it was regarding the Northwestern Mutual Insurance Company new Headquarters project. Thank you for your assistance.

As you may remember my wife and I own American Design, Inc. Our firm is a twenty one year old full service minority owned architectural firm. For our entire existence we have been located at the Milwaukee Enterprise Center.

Regarding the Street Car project we as individuals and as Milwaukee business owners sincerely hope you vote YES in support of the Street Car project.

This project is sorely needed to assist with the City's transportation needs, improve tourism and enhance our overall quality of life.

Also, in the future when the Street Car is expanded from its current route persons living in the Central City will be able to more easily travel to downtown jobs. Jobs that are being created by current and future economic developments i.e. Northwest Mutual downtown project, 833, The Couture and the new Arena.

The City of Milwaukee (and surrounding areas) need the Street Car and we need it now.

Thank you for your time.

JT
