### ADMINISTRATIVE POLICIES AND PROCEDURES FOR THE CITY OF MILWAUKEE COMMUNITY DEVELOPMENT CONTRACTS

#### DEFINITIONS:

- CDGA                    The City of Milwaukee Community Development Grants Administration.
- CD Funds                As applicable, the following federal funds received by the City of Milwaukee from the U.S. Department of Housing and Urban Development: Community Development Block Grant (CDBG), HOME Investment Partnerships (HOME), American Dream Downpayment Assistance (ADDI), Emergency Shelter Grant (ESG), and/or Housing Opportunities for Persons with AIDS (HOPWA).
- CD Committee            The City of Milwaukee Community and Economic Development Committee, or successor body.

#### GENERAL CRITERIA

The following criteria will apply to **all projects receiving grant funds through Community Development Grants Administration**. Waivers from any of these rules require a specific exemption from CDGA.

- 1:     **Residency.** All directly funded staff hired after *January 1, 1990* shall be and remain City of Milwaukee residents. If Contractor employs non-residents hired prior to January 1, 1990, it may be granted a hardship exemption by the Community Development Grants Administration (CDGA) Director and the Chairperson of the Community and Economic Development Committee. The CDGA Director and the Community and Economic Development Committee Chairperson shall have complete discretion regarding the granting of hardship exemptions, and exemptions may be for any term or subject to any conditions approved by the CDGA Director and the Community and Economic Development Chairperson. A memo regarding any decisions will be forwarded to the Community and Economic Development Committee members. *(Approved by the Community Development Committee October 9, 2001.)*  
  
Organizations receiving funding from Grant Programs administered by the Community Development Grants Administration must have adopted a written policy that effective January 1, 1990, all persons holding grant-funded staff positions shall be and remain residents of the City of Milwaukee.
2.     **Acknowledgment of CD Funding.** Contractor must acknowledge the receipt of grant funds in literature and promotional materials in one of the following manners:
  - a.     Use of CDBG logos (obtainable from CDGA); or
  - b.     Use of a stamp bearing the CDBG logo (obtainable from CDGA); or
  - c.     Inclusion of specific language as follows: "This project is funded in part through a City of Milwaukee grant of federal community development funds."
3.     **Empowerment & Participation.** The City of Milwaukee is committed to supporting organizations which promote the empowerment and participation in the governance of organizations by population groups who are intended to be the primary beneficiaries of the Grant Programs; i.e. low/moderate income persons, residents of the CDBG target area and members of racial minorities. As a recipient of CD Funds, Contractor shall show how this goal is achieved (e.g. through board participation, advisory board, etc.).
4.     **Equal Opportunity.** Contractor shall provide equal employment and promotional opportunities to all present and prospective employees without regard to race, religion, color, age, handicap, sex, national origin, sexual orientation, marital status, creed or ancestry. A policy of equal employment opportunity shall apply to all

personnel transactions, including, but not limited to, recruitment, hiring, compensation, promotion, transfer, demotion, recall from lay-off and educational opportunity. Grantees shall maintain a positive, continuing affirmative action program to eliminate barriers to employment which have had the effect, although unintentional, of denying equal employment opportunities to the above groups. Contractor shall monitor certain key indicators to measure positive progress in this area such as minority composition of staff and boards of directors.

5. **Non-English Speaking Clienteles.** If Contractor serves a large non-English speaking population, it shall demonstrate how language needs are met, either by having translation capacity available or having multilingual staff.
6. **Board of Directors Membership.** If Contractor is a non-governmental entity, it shall maintain a board of directors of not fewer than five members. The Board of Directors is to be independent and separate from the paid staff (except for the chief executive officer may serve as a board member). Board members may not profit from CD-funding and shall be subject to Conflict of Interest regulations pursuant to 24 CFR 570.611, 24 CFR 85.36 and OMB Circular A-100 and the HUD Conflict of Interest Regulations with respect to CDBG funds 24 CFR 570.611 and HOME funds, 24 CFR 93.356.
7. **Participation by City Officials.** Contractor must disclose participation of elected or appointed city officials in their organizations.
8. Grantees may be required to submit affirmative action reports and plans to show good faith efforts in this area. CDGA shall monitor certain key indicators to measure positive progress in this area such as minority composition of staff and boards of directors.
9. If a project is a membership organization, the organization must demonstrate significant financial support from members, either in the form of dues, fund-raising efforts (i.e. at least 5% of total budget or \$5,000 whichever is less) or through equivalent sweat equity contributions.
10. Except for projects which rely almost completely on CDBG funding, such as housing rehab, funded agencies must demonstrate that they are "financially viable". In other words, the agency would be able to maintain a minimal level of program activity even without funding administered through the Community Development Grants Administration. The Community and Economic Development Committee will handle this on a case-by-case basis.
11. All grant-funded agencies with annual expenditures of \$500,000 or more in federal funds must provide a certified audit to CDGA annually. The audit shall be conducted in accordance with the requirements of OMB Circular A-133. Organizations must disclose all sources of funds used in project and agency budgets. Specifically the use of other federal dollars must be detailed as required by federal law.
12. Continuing projects must meet various programmatic and financial quality standards in order to receive further funding.
13. Continuing projects must demonstrate movement toward greater self-sufficiency and organizational efficiency.
14. **One Year Fiscal Agency Rule.** Projects with fiscal agency arrangements must be able to deal with internal accounting policies and procedures in-house. An alternative to in-house fiscal management is an alternative source of funding to pay for a continued fiscal agency arrangement. If an agency needs to extend the fiscal relationship for more than one year, due to extenuating circumstances, approval must be obtained from the Community and Economic Development Committee. Evidence of fiscal autonomy shall be provided to the office of the Community Development Grants Administration.

### Administrative Policies and Procedures

15. Applicant's principal organization or business address must be listed. Post office boxes are not acceptable except for legitimate security reasons surrounding the organization and its programs. Also unacceptable are home addresses and organizations or businesses located in residences or domiciles.

### FISCAL PROCEDURES

1. **Ninety-Day Rule.** An award of funds remaining 90 days after award shall be subject to revocation by the Community and Economic Development Committee if the grantee has not, within ninety days of the final approval of the award, provided all documentation necessary for contract execution.
2. **Timely Expenditure.** If Contractor has not expended or encumbered at least sixty percent of the contract amount prior to the beginning of the tenth month of the contract term, this Contract shall be subject to full or partial termination by the Community and Economic Development Committee.
3. **Final Cost Report.** The final cost report for this Contract must be filed no later than 4:00 P.M. on the fifteenth day after the end of the contract term (e.g., for January 1 - December 31 contracts).
4. **Payment of Accrued Costs.** All accrued costs reported on the final cost report must be paid no later than the forty-fifth-day after the end of the contract term (e.g., for January 1 - December 31 contracts, not later than February 15 of the succeeding year). Accrued cost is any cost incurred (goods or services ordered, in transit, or received) but not yet paid and/or recorded as such on the financial records of the project.
5. **Fiscal Year Close Out.** Costs submitted to the City for reimbursement after the close out date of the close of the fiscal year, CDGA is authorized to charge the amount in question to the project's current year contract, unless the cost reimbursement was delayed through some fault of the City, in which case the reimbursement shall be taken from the Contingency fund.
6. **Recovery of Unexpended Funds.** All budget balances remaining sixty days after the end of the contract term shall revert to the CDGA Contingency Account.
7. The CDGA Director may approve additional expenditure up to 25% or \$25,000 of a subrecipient's budget without further authorization by the Community and Economic Development Committee. This authority will include Extension requests and Special Requests that may occur during the program year. CDGA will bring amounts greater than 25% or \$25,000 to the Community and Economic Development Committee for action. *Approved by Policy Committee 4/10/00.*
8. The CDGA Director may approve for a period of one year, up to \$15,000 for unique, one time administrative objectives of the office of Community Development Grants Administration. Additional funds must be brought to the Community and Economic Development Committee for action. *Approved by Policy Committee 4/10/00.*
9. **Contract Extensions.** The Director of Community Development Grants Administration has the discretion to consider contract extensions based on the following criteria:
  1. Groups which received funds out of cycle to finance individual programs as they are approved by Common Council Resolution. An extension will allow the project to operate at a full 12 month period.
  2. Groups which have met productivity goals and have extenuating circumstances. (Organizations/Departments must provide extensive reasons to meet this criteria and why these funds should not be reprogrammed.)
  3. All work has been completed but final payment must be made. (City Departments only).

## ATTACHMENT B (Continued)

### Administrative Policies and Procedures

4. To pay a specific outstanding commitment or obligation which has been encumbered prior to the end of the fiscal year. (City Departments only).
5. Capital Projects - A specific construction project, usually of a one-time nature.
6. Large Impact Developments (LIDS) - Specific LID criteria will apply.

Extension requests must be submitted to the office of Community Development Grants Administration for approval in November, before the start of the new program year. All Contract Extensions shall extend to December 31st of the applicable program year.

For work-in-progress as of December 31<sup>st</sup>, this work should be completed and reported under the extension contract. *Contract Extension policy approved by Policy Committee 9/13/99.*

10. **Reprogramming Funds.** Request for new projects or additional activity in already funded projects will be considered by the Community and Economic Development Committee. Under the following circumstances, unallocated funds may be disbursed in the following manner:

1. The CDGA Director may approve additional expenditures of up to \$10,000 or 10% of a sub-grantee's original allocation without further authorization by the Community and Economic Development Committee (this is already allowed under Common Council resolution 74-92-5v).
2. Other requests for funding will be considered by the Community and Economic Development Committee provided the following conditions exist:
  - a. The request is for a one-time only project
  - b. The request requires prompt action which cannot await a normal funding cycle
  - c. The request has one or more of the following characteristics:
    - Meets an urgent community need;
    - Presents a unique opportunity to address some broad policy objective of the City's Community Development program;
    - Will provide an opportunity to leverage significant new resources for the City's neighborhood revitalization efforts.

For City Departments, any allocated funds not disbursed by January 25 of the succeeding year or encumbered by December 31 of the current year will automatically revert to the Contingency account for reprogramming. However, if significant project costs were incurred but not paid by January 25, the Comptroller will accrue known costs to the project consistent with grant regulations.

A Contract extension will be given automatically for funds properly encumbered but not disbursed prior to the end of the project year and shall be for one year (to the next December 31st).

Encumbrances from previous CDBG years not liquidated by the end of the next CDBG year will be subject to review by the Community and Economic Development Committee.

Revolving loan projects will be re-authorized consistent with Community and Economic Development Committee action during the Entitlement Allocation Period.

All budget balances remaining sixty days after February 15, of the succeeding year, will be available for re-allocation by the Community and Economic Development Committee.

## ATTACHMENT B (Continued)

### Administrative Policies and Procedures

11. **Partial year's funding and annual goals.** Most proposals for grant funding are for activity over a full twelve month program year. Since approved funding generally is less than the amount requested, project operators need to determine how best to budget their grant appropriation to meet approved objectives.

It is the general policy of the Community Development Grants Administration that projects should operate for a full program year, and that reduced funding may require reduced activity goals or objectives, or the elimination of one or more project elements, but the term of the project contract will be for twelve months, or to the end of the program year.

Projects that request to budget their grant appropriation for a period of less than twelve months, or to terminate prior to the end of the program year established for the Grant Program, shall be governed by the following policies:

1. Projects will be authorized for a period of less than a full program year if that was specifically stated at the time funding was approved by the Community and Economic Development Committee, the Zoning, Neighborhoods and Development Committee, or the Common Council.
  2. Projects that request a budget to run less than a full program year, without prior specific authorization, must be approved by the Community and Economic Development Committee before the project contract is signed, and must either:
    - a. Agree by contract to meet program objectives to the end of the program year; or
    - b. Provide satisfactory evidence that the approved activity will be continued after the term of the project contract using non-grant from CDGA resources.
12. **Policy on changes in salary levels of Grant-funded positions.** Salary levels for positions within an organization. Each Contractor has the responsibility for establishing salary levels according to procedures defined by board of directors for that organization. However, the required minimum salary for all grant-funded positions is \$7.25 per hour, full time. In addition, if salary levels seem excessive given job duties and responsibilities, then overall grant funding may be similarly affected. Clearly, many factors go into CDGA's funding recommendations and this is one of many, performance being the primary factor.
13. **Complaints.** The Director of the Community Development Grants Administration has the authority to hear appeals to all complaints involving administrative policies and procedures of all Grant-funded programs administered by CDGA. Exceptions to administrative policies and procedures shall be granted only when in the opinion of the Director of the Community Development Grants Administration, extenuating circumstances prevented a project, an individual funded with grant funds, or a citizen from reasonably complying with the letter and intent of Administrative Policies and Procedures.

### ADDITIONAL DEFINITIONS AND CRITERIA

**Close Out** - Expedient payment of all costs accrued through December 31\*, preparation and submittal of final cost report to CDGA, and reconciliation of any variance between budgeted and actual costs. (\*End of the Program Year for all projects, unless an extension has been authorized by the Director of Community Development Grants Administration, or a project contract specifies a termination date other than December 31.)

Examples of uncompleted objectives eligible to be extended would be determined on a case by case basis, giving consideration to:

2. The legitimacy of the reason(s) an objective was not achieved during the program year,

## ATTACHMENT B (Continued)

### Administrative Policies and Procedures

3. The extent to which the same or similar objectives are adequately funded in the new program year,
4. The demonstrated capacity of the project to complete all objectives (currently authorized plus extension) within the new program year, and
5. The extent to which not allowing the extension for completion of a previously approved objective would diminish or jeopardize the effectiveness of other community development activity already completed.

**Reprogramming** - Funds added to current year project budgets for new or additional activity or for significant unexpected costs related to authorized activity, and funds used to initiate new projects approved by the Community and Economic Development Committee and Common Council that were not included in the annual CDBG Program Statement submitted to HUD.

Reprogramming funds originate from budget amounts remaining after project close outs, including budget surpluses not eligible for or approved for extensions; program income received during the year that is not already allocated to approved revenue accounts; and any increase in the City's CDBG letter-of-credit received after the annual entitlement grant from HUD.

All audits are required to be completed and delivered to the CITY-CDGA no later than six (6) months following the end of the

CONTRACTOR's fiscal year. In the event the CONTRACTOR is not funded for a subsequent year, the CONTRACTOR must provide the CITY with a signed commitment from a Certified Public Accounting firm to conduct such an audit. This commitment must be provided prior to the expiration of the current Contract. Failure to provide this commitment will result in the CITY withholding from the current Contract a sum sufficient in the CITY's judgment to enable the completion of such an audit.

Pursuant to OMB Circular A-133, the CITY hereby gives notice that the U.S. Department of Housing and Urban Development is providing the grant funds subject to this agreement. The Catalog of Federal Domestic Assistance (CFDA) number for CDBG Funds is 14.218.

XXIX.

**FEDERAL MANAGEMENT AND BUDGET REQUIREMENTS AND PROCUREMENT STANDARDS** - (RE: OFFICE OF MANAGEMENT AND BUDGET CIRCULAR A-102, AS AMENDED August 29, 1997.) The CONTRACTOR will comply with all applicable provisions of OMB Circular A-102, and 24 CFR §§ 85.36 and 84.48, as the same may be amended from time to time, relating to procurement procedures with federal grant funds, as more specifically set forth in Attachment I hereto

A. **Required City Procurement Policy Procedures.** In addition to federal procurement requirements, proper City procurement procedures must be followed in order to secure any goods and services to be purchased (or reimbursed) with City funds, including the selection of contractors, suppliers and related vendors. As such, City of Milwaukee funded agencies, including all housing production agencies must adhere to the following procurement procedures:

1. **Contracts and Purchases under \$1,000** - An agency shall select the source that provides the most appropriate product, at a price most reasonable for the project. In addition, a Property records form must be completed and submitted to CDGA for all purchases of \$300 or greater.
2. **Contracts and Purchases From \$1,000 to \$10,000**- An agency must document that it has contacted at least three bonafide sources and has selected the source that provides the most appropriate product, at a price most reasonable for the project.
3. **Contracts and Purchases From \$10,001 to \$50,000** - Agencies must request proposals from at least three bonafide sources. Requests for proposals must be in writing and provide all contractors, vendors, and suppliers the same information and opportunity to "walk-through" a project, if appropriate. Additionally, copies of all bids received and a bid tabulation sheet that justifies contractor selection must be maintained for each project. In order for a bid to be acceptable, it should be from bonafide contractors, licensed in the City of Milwaukee, be signed and dated, and include a complete list of activities to be performed, and/or materials and services to be provided.
4. **Contracts and Purchases Greater than \$50,000** - All Requests for Proposals greater than \$50,000 must be advertised in either the Milwaukee Journal Sentinel or the Daily Reporter. Additionally, copies of all bids received and a bid tabulation sheet that justifies contractor selection must be maintained for each project. In order for a bid to be acceptable, it must be from bonafide contractors, licensed in the City of Milwaukee, be signed and dated, and include a complete list of activities to be performed, and or materials and services to be provided. Failure to follow these procurement procedures will result in a Finding during a

CDGA monitoring visit and may require the agency to "payback" all Federal funds disbursed using non-Federal funds.

5. Any deviation from these standards will/shall result in non-payment of costs reported unless written documentation adequate in the sole judgment (discretion) of CDGA, to establish compliance with HUD federal procurement standards is submitted to and approved by CDGA.

B. **Contractor Award Criteria.** City of Milwaukee funded housing agencies should adhere to additional criteria when selecting contractors to perform production activities:

1. Contracts may not be awarded to debarred, suspended, or otherwise ineligible contractors. Agency must comply with all Federal, State, and Local laws, rules and regulations in addition to the provisions of Section II.D. of this Agreement. The City of Milwaukee will not pay for work performed by any firm that is debarred or not otherwise eligible to be awarded work. The Agency is responsible for reviewing the HUD debarred and suspended list, and for rejecting bids from ineligible contractors. The list is updated regularly and can be accessed via the internet at: <http://epls.arnet.gov/> Only the eligibility of the prime contractor must be verified and documented. Subcontractor clearance is the responsibility of the prime contractor.
2. The contractor/vendor will provide products and service that meet the appropriate specifications, including start and completion time requirements.
3. The firm is a bona fide business with experience in the work they are proposing to do.
4. The company has a good record of doing business and/or a good reputation with customers, peers, and suppliers.
5. The business has all required licenses, certifications, and qualifications.
6. The price is competitive, reasonable and market-based (as explained in paragraph 8 below).\*
7. Utilize to the greatest extent possible, a Minority, Women-Owned, or Disadvantaged Business Enterprise.
8. Purchase from local (i.e. City of Milwaukee-based) vendors/contractors. ***Unless there are extenuating circumstances, a lower quote may not be "reasonable and market-based" if it deviates from staff's cost estimate and/or the average of the other bidders' prices by 15% or more.***
9. Any deviation from these standards will/shall result in non-payment of costs reported unless written documentation adequate, in the sole judgment (discretion) of CDGA, to establish compliance with HUD federal procurement standards, is submitted to and approved by CDGA.

C. Bonding and Insurance (RE: OFFICE OF MANAGEMENT AND BUDGET CIRCULAR A-110, as amended 09-30-1999.)

- Residency.** All directly funded staff hired after *January 1, 1990* shall be and remain City of Milwaukee residents. If Contractor employs non-residents hired prior to January 1, 1990, it may be granted a hardship exemption by the Community Development Grants Administration (CDGA) Director and the Chairperson of the Community and Economic Development Committee. The CDGA Director and the Community and Economic Development Committee Chairperson shall have complete discretion regarding the granting of hardship exemptions, and exemptions may be for any term or subject to any conditions approved by the CDGA Director and the Community and Economic Development Chairperson. A memo regarding any decisions will be forwarded to the Community and Economic Development Committee members. *(Approved by the Community Development Committee October 9, 2001.)*  
  
Organizations receiving funding from Grant Programs administered by the Community Development Grants Administration must have adopted a written policy that effective January 1, 1990, all persons holding grant-funded staff positions shall be and remain residents of the City of Milwaukee.
- Acknowledgment of CD Funding.** Contractor must acknowledge the receipt of grant funds in literature and promotional materials in one of the following manners:
  - Use of CDBG logos (obtainable from CDGA); or
  - Use of a stamp bearing the CDBG logo (obtainable from CDGA); or
  - Inclusion of specific language as follows: "This project is funded in part through a City of Milwaukee grant of federal community development funds."
- Empowerment & Participation.** The City of Milwaukee is committed to supporting organizations which promote the empowerment and participation in the governance of organizations by population groups who are intended to be the primary beneficiaries of the Grant Programs; i.e. low/moderate income persons, residents of the CDBG target area and members of racial minorities. As a recipient of CD Funds, Contractor shall show how this goal is achieved (e.g. through board participation, advisory board, etc.).
- Equal Opportunity.** Contractor shall provide equal employment and promotional opportunities to all present and prospective employees without regard to race, religion, color, age, handicap, sex, national origin, sexual orientation, marital status, creed or ancestry. A policy of equal employment opportunity shall apply to all

personnel transactions, including, but not limited to, recruitment, hiring, compensation, promotion, transfer, demotion, recall from lay-off and educational opportunity. Grantees shall maintain a positive, continuing affirmative action program to eliminate barriers to employment which have had the effect, although unintentional, of denying equal employment opportunities to the above groups. Contractor shall monitor certain key indicators to measure positive progress in this area such as minority composition of staff and boards of directors.

5. **Non-English Speaking Clienteles.** If Contractor serves a large non-English speaking population, it shall demonstrate how language needs are met, either by having translation capacity available or having multilingual staff.
6. **Board of Directors Membership.** If Contractor is a non-governmental entity, it shall maintain a board of directors of not fewer than five members. The Board of Directors is to be independent and separate from the paid staff (except for the chief executive officer may serve as a board member). Board members may not profit from CD-funding and shall be subject to Conflict of Interest regulations pursuant to 24 CFR 570.611, 24 CFR 85.36 and OMB Circular A-100 and the HUD Conflict of Interest Regulations with respect to CDBG funds 24 CFR 570.611 and HOME funds, 24 CFR 93.356.
7. **Participation by City Officials.** Contractor must disclose participation of elected or appointed city officials in their organizations.
8. Grantees may be required to submit affirmative action reports and plans to show good faith efforts in this area. CDGA shall monitor certain key indicators to measure positive progress in this area such as minority composition of staff and boards of directors.
9. If a project is a membership organization, the organization must demonstrate significant financial support from members, either in the form of dues, fund-raising efforts (i.e. at least 5% of total budget or \$5,000 whichever is less) or through equivalent sweat equity contributions.
10. Except for projects which rely almost completely on CDBG funding, such as housing rehab, funded agencies must demonstrate that they are "financially viable". In other words, the agency would be able to maintain a minimal level of program activity even without funding administered through the Community Development Grants Administration. The Community and Economic Development Committee will handle this on a case-by-case basis.
11. All grant-funded agencies with annual expenditures of \$500,000 or more in federal funds must provide a certified audit to CDGA annually. The audit shall be conducted in accordance with the requirements of OMB Circular A-133. Organizations must disclose all sources of funds used in project and agency budgets. Specifically the use of other federal dollars must be detailed as required by federal law.
12. Continuing projects must meet various programmatic and financial quality standards in order to receive further funding.
13. Continuing projects must demonstrate movement toward greater self-sufficiency and organizational efficiency.
14. **One Year Fiscal Agency Rule.** Projects with fiscal agency arrangements must be able to deal with internal accounting policies and procedures in-house. An alternative to in-house fiscal management is an alternative source of funding to pay for a continued fiscal agency arrangement. If an agency needs to extend the fiscal relationship for more than one year, due to extenuating circumstances, approval must be obtained from the Community and Economic Development Committee. Evidence of fiscal autonomy shall be provided to the office of the Community Development Grants Administration.

### Administrative Policies and Procedures

15. Applicant's principal organization or business address must be listed. Post office boxes are not acceptable except for legitimate security reasons surrounding the organization and its programs. Also unacceptable are home addresses and organizations or businesses located in residences or domiciles.

### FISCAL PROCEDURES

1. **Ninety-Day Rule.** An award of funds remaining 90 days after award shall be subject to revocation by the Community and Economic Development Committee if the grantee has not, within ninety days of the final approval of the award, provided all documentation necessary for contract execution.
2. **Timely Expenditure.** If Contractor has not expended or encumbered at least sixty percent of the contract amount prior to the beginning of the tenth month of the contract term, this Contract shall be subject to full or partial termination by the Community and Economic Development Committee.
3. **Final Cost Report.** The final cost report for this Contract must be filed no later than 4:00 P.M. on the fifteenth day after the end of the contract term (e.g., for January 1 - December 31 contracts).
4. **Payment of Accrued Costs.** All accrued costs reported on the final cost report must be paid no later than the forty-fifth-day after the end of the contract term (e.g., for January 1 - December 31 contracts, not later than February 15 of the succeeding year). Accrued cost is any cost incurred (goods or services ordered, in transit, or received) but not yet paid and/or recorded as such on the financial records of the project.
5. **Fiscal Year Close Out.** Costs submitted to the City for reimbursement after the close out date of the close of the fiscal year, CDGA is authorized to charge the amount in question to the project's current year contract, unless the cost reimbursement was delayed through some fault of the City, in which case the reimbursement shall be taken from the Contingency fund.
6. **Recovery of Unexpended Funds.** All budget balances remaining sixty days after the end of the contract term shall revert to the CDGA Contingency Account.
7. The CDGA Director may approve additional expenditure up to 25% or \$25,000 of a subrecipient's budget without further authorization by the Community and Economic Development Committee. This authority will include Extension requests and Special Requests that may occur during the program year. CDGA will bring amounts greater than 25% or \$25,000 to the Community and Economic Development Committee for action. *Approved by Policy Committee 4/10/00.*
8. The CDGA Director may approve for a period of one year, up to \$15,000 for unique, one time administrative objectives of the office of Community Development Grants Administration. Additional funds must be brought to the Community and Economic Development Committee for action. *Approved by Policy Committee 4/10/00.*
9. **Contract Extensions.** The Director of Community Development Grants Administration has the discretion to consider contract extensions based on the following criteria:
  1. Groups which received funds out of cycle to finance individual programs as they are approved by Common Council Resolution. An extension will allow the project to operate at a full 12 month period.
  2. Groups which have met productivity goals and have extenuating circumstances. (Organizations/Departments must provide extensive reasons to meet this criteria and why these funds should not be reprogrammed.)
  3. All work has been completed but final payment must be made. (City Departments only).

## ATTACHMENT B (Continued)

### Administrative Policies and Procedures

4. To pay a specific outstanding commitment or obligation which has been encumbered prior to the end of the fiscal year. (City Departments only).
5. Capital Projects - A specific construction project, usually of a one-time nature.
6. Large Impact Developments (LIDS) - Specific LID criteria will apply.

Extension requests must be submitted to the office of Community Development Grants Administration for approval in November, before the start of the new program year. All Contract Extensions shall extend to December 31st of the applicable program year.

For work-in-progress as of December 31<sup>st</sup>, this work should be completed and reported under the extension contract. *Contract Extension policy approved by Policy Committee 9/13/99.*

10. **Reprogramming Funds.** Request for new projects or additional activity in already funded projects will be considered by the Community and Economic Development Committee. Under the following circumstances, unallocated funds may be disbursed in the following manner:

1. The CDGA Director may approve additional expenditures of up to \$10,000 or 10% of a sub-grantee's original allocation without further authorization by the Community and Economic Development Committee (this is already allowed under Common Council resolution 74-92-5v).
2. Other requests for funding will be considered by the Community and Economic Development Committee provided the following conditions exist:
  - a. The request is for a one-time only project
  - b. The request requires prompt action which cannot await a normal funding cycle
  - c. The request has one or more of the following characteristics:
    - Meets an urgent community need;
    - Presents a unique opportunity to address some broad policy objective of the City's Community Development program;
    - Will provide an opportunity to leverage significant new resources for the City's neighborhood revitalization efforts.

For City Departments, any allocated funds not disbursed by January 25 of the succeeding year or encumbered by December 31 of the current year will automatically revert to the Contingency account for reprogramming. However, if significant project costs were incurred but not paid by January 25, the Comptroller will accrue known costs to the project consistent with grant regulations.

A Contract extension will be given automatically for funds properly encumbered but not disbursed prior to the end of the project year and shall be for one year (to the next December 31st).

Encumbrances from previous CDBG years not liquidated by the end of the next CDBG year will be subject to review by the Community and Economic Development Committee.

Revolving loan projects will be re-authorized consistent with Community and Economic Development Committee action during the Entitlement Allocation Period.

All budget balances remaining sixty days after February 15, of the succeeding year, will be available for re-allocation by the Community and Economic Development Committee.

## ATTACHMENT B (Continued)

### Administrative Policies and Procedures

11. **Partial year's funding and annual goals.** Most proposals for grant funding are for activity over a full twelve month program year. Since approved funding generally is less than the amount requested, project operators need to determine how best to budget their grant appropriation to meet approved objectives.

It is the general policy of the Community Development Grants Administration that projects should operate for a full program year, and that reduced funding may require reduced activity goals or objectives, or the elimination of one or more project elements, but the term of the project contract will be for twelve months, or to the end of the program year.

Projects that request to budget their grant appropriation for a period of less than twelve months, or to terminate prior to the end of the program year established for the Grant Program, shall be governed by the following policies:

1. Projects will be authorized for a period of less than a full program year if that was specifically stated at the time funding was approved by the Community and Economic Development Committee, the Zoning, Neighborhoods and Development Committee, or the Common Council.
  2. Projects that request a budget to run less than a full program year, without prior specific authorization, must be approved by the Community and Economic Development Committee before the project contract is signed, and must either:
    - a. Agree by contract to meet program objectives to the end of the program year; or
    - b. Provide satisfactory evidence that the approved activity will be continued after the term of the project contract using non-grant from CDGA resources.
12. **Policy on changes in salary levels of Grant-funded positions.** Salary levels for positions within an organization. Each Contractor has the responsibility for establishing salary levels according to procedures defined by board of directors for that organization. However, the required minimum salary for all grant-funded positions is \$7.25 per hour, full time. In addition, if salary levels seem excessive given job duties and responsibilities, then overall grant funding may be similarly affected. Clearly, many factors go into CDGA's funding recommendations and this is one of many, performance being the primary factor.
13. **Complaints.** The Director of the Community Development Grants Administration has the authority to hear appeals to all complaints involving administrative policies and procedures of all Grant-funded programs administered by CDGA. Exceptions to administrative policies and procedures shall be granted only when in the opinion of the Director of the Community Development Grants Administration, extenuating circumstances prevented a project, an individual funded with grant funds, or a citizen from reasonably complying with the letter and intent of Administrative Policies and Procedures.

### ADDITIONAL DEFINITIONS AND CRITERIA

**Close Out** - Expedient payment of all costs accrued through December 31\*, preparation and submittal of final cost report to CDGA, and reconciliation of any variance between budgeted and actual costs. (\*End of the Program Year for all projects, unless an extension has been authorized by the Director of Community Development Grants Administration, or a project contract specifies a termination date other than December 31.)

Examples of uncompleted objectives eligible to be extended would be determined on a case by case basis, giving consideration to:

2. The legitimacy of the reason(s) an objective was not achieved during the program year,

## ATTACHMENT B (Continued)

### Administrative Policies and Procedures

3. The extent to which the same or similar objectives are adequately funded in the new program year,
4. The demonstrated capacity of the project to complete all objectives (currently authorized plus extension) within the new program year, and
5. The extent to which not allowing the extension for completion of a previously approved objective would diminish or jeopardize the effectiveness of other community development activity already completed.

**Reprogramming** - Funds added to current year project budgets for new or additional activity or for significant unexpected costs related to authorized activity, and funds used to initiate new projects approved by the Community and Economic Development Committee and Common Council that were not included in the annual CDBG Program Statement submitted to HUD.

Reprogramming funds originate from budget amounts remaining after project close outs, including budget surpluses not eligible for or approved for extensions; program income received during the year that is not already allocated to approved revenue accounts; and any increase in the City's CDBG letter-of-credit received after the annual entitlement grant from HUD.

### EXECUTIVE ORDER 11246 and Executive Order 13279

- A. **HUD-ASSISTED CONSTRUCTION CONTRACTS.** Construction contracts of more than \$10,000.00 and all contracts with a CONTRACTOR who has federally assisted construction contracts or subcontracts which in any twelve month period total in excess of \$10,000.00 (irrespective of the dollar value of any single contract) which are entered into pursuant to this Contract shall be subject to HUD Equal Employment Opportunity Regulations (24 CFR Part 130) applicable to HUD assisted construction contracts.
- B. **DISBARRED CONTRACTORS.** The CONTRACTOR further agrees that it will refrain from entering into any contract or contract modification subject to Executive Order 11246 of September 24, 1965, with a party disbarred from or who has not demonstrated eligibility for government contracts and federally-assisted construction contracts pursuant to Executive Order 11246, and will carry out such sanctions and penalties for violations of the Equal Opportunity Clause set forth below as may be imposed upon contractors and subcontractors by the Department of Labor pursuant to Part II, Subpart D of Executive Order 11246. In addition, the CONTRACTOR agrees that if it fails or refuses to comply with these undertakings, the CITY may take any or all of the following action: cancel, terminate or suspend in whole or in part the grant or loan guarantee; refrain from extending any further assistance to the CONTRACTOR under the program with respect to which failure or refusal occurred until satisfactory assurance of future compliance has been received from the CONTRACTOR; and refer the case to the Department of Justice for appropriate legal proceedings.
- C. **EQUAL OPPORTUNITY CLAUSE - INCORPORATION OF THESE PROVISIONS.** The CONTRACTOR will include the portion of the sentence immediately preceding the following provisions of Paragraphs 1 through 7 in every subcontract or purchase order unless exempted by rules, regulations or orders of the Secretary of Labor issued pursuant to Section 204 of Executive Order 11246 of September 24, 1965, as amended by Executive Orders 11375 and 13279, and as supplemented in Department of Labor regulations (41 CFR Part 60), so that such provisions will be binding upon each subcontractor or vendor. The CONTRACTOR will take such action with respect to any subcontract or purchase order as the CITY may direct as a means of enforcing such provisions, including sanctions for noncompliance; provided, however, that in the event the CONTRACTOR becomes involved in, or is threatened with litigation with a subcontractor or vendor as a result of such direction by the CITY, the CONTRACTOR may request the United States to enter into such litigation to protect the interest of the United States.

During the performance of this contract (except with respect to a religious corporation, association, educational institution, or society, with respect to the employment of individuals of a particular religion to perform work connected with the carrying on by such corporation, association, educational institution, or society of its activities, as provided in Executive Order 13279) the CONTRACTOR agrees as follows:

1. The CONTRACTOR will not discriminate against any employee or applicant for employment because of race, color, religion, sex orientation, sex, age or national origin. The CONTRACTOR will take affirmative action to ensure that applicants are employed and that employees are treated during employment without regard to their race, color, sex orientation, religion, sex or national origin. Such action shall include, but not be limited to the following: Employment, upgrading, demotion or transfer, recruitment or recruitment advertising, layoff or termination, rates of pay or other forms of compensation and selection for training, including apprenticeship. The CONTRACTOR agrees to post in conspicuous places available to employees and applicants for employment, notices to be provided by the contracting officer setting forth the provisions of this nondiscrimination clause.

2. The CONTRACTOR will, in all solicitations or advertisements for employees placed by or on behalf of the CONTRACTOR, state that all qualified applicants will receive consideration for employment without regard to race, color, sex orientation, religion, sex, age or national origin.
3. The CONTRACTOR will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice to be provided by the Contract Officer advising the said labor union or workers' representatives of the CONTRACTOR'S commitment under this section, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.
4. The CONTRACTOR will comply with all provisions of Executive Order 11246 of September 24, 1965, as amended by Executive Order 13279 dated December 12, 2002, and of the rules, regulations and relevant orders of the Secretary of Labor.
5. The CONTRACTOR will furnish all information and reports required by Executive Order 11246 of September 24, 1965, as amended by Executive Order 13279, and by the rules, regulations and orders of the Secretary of Labor, or pursuant thereto, and will permit access to its books, records and accounts by the CITY and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations and orders.
6. In the event of the CONTRACTOR's noncompliance with the non-discrimination clause of this Contract or with any of such rules, regulations or orders, this Contract may be canceled, terminated or suspended in whole or in part and the CONTRACTOR may be declared ineligible for further government contracts or federally assisted construction contract procedures authorized in Executive Order 11246 of September 24, 1965, as amended by Executive Order 13279 or by rule, regulation or order of the Secretary of Labor, or as otherwise provided by law.
7. The CONTRACTOR will include the portion of the sentence immediately preceding Paragraph C and the provisions of Paragraphs 1 through 8 in every subcontract or purchase order unless exempted by rules, regulations or orders of the Secretary of Labor issued pursuant to Section 204 of Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The CONTRACTOR will take such action with respect to any subcontract or purchase order as the CITY may direct as a means of enforcing such provisions, including sanctions for noncompliance; provided, however, that in the event the CONTRACTOR becomes involved in, or is threatened with litigation with a subcontractor or vendor as a result of such direction by the CITY, the CONTRACTOR may request the United States to enter into such litigation to protect the interest of the United States.
8. No person in the United States shall, on the ground of race, color, sex orientation, religion, sex, age or national origin be excluded from participation in, be denied the benefits of, or be subject to discrimination under any program or activity made possible by or resulting from this Contract. The CITY and each employer will comply with all requirements imposed by or pursuant to the regulations of the appropriate federal agency effectuating Title VI of the Civil Rights Act of 1964 and according to the City's anti-discrimination ordinance adopted October 16, 1990 under Common Council file 892540.

### COMPLIANCE WITH THE REHABILITATION ACT OF 1973

- A. AFFIRMATIVE ACTION FOR WORKERS WITH DISABILITIES (Pursuant to Section 503 and 504 of the Rehabilitation Act of 1973, 29 U.S.C. §§793 and 794); Definition: "Individual with disability" means any person who has a physical or mental impairment that substantially limits one or more major life activities; has a record of such an impairment; or is regarded as having such an impairment, as provided in 29 U.S.C. §706(8)(B). For purposes of employment, this term does not include: Any individual who is currently engaging in the illegal use of drugs, as provided in 29 U.S.C. §706(8)(C), or any individual who is an alcoholic whose current use of alcohol prevents the individual from performing the duties of the job in question, or whose employment, by reason of current alcohol abuse, would constitute a direct threat to property or the safety of others, as provided in 29 U.S.C. §706(8)(C)(v); or any individual who has a currently contagious disease or infection and who, by reason of such disease or infection, would constitute a direct threat to the health or safety of other individuals or who, by reason of the currently contagious disease or infection, is unable to perform the duties of the job (as provided in 29 U.S.C. §706(8)(D)).
1. The CONTRACTOR will not discriminate against any employee or applicant for employment because of disability in regard to any position for which the employee or applicant for employment is qualified. The CONTRACTOR agrees to take affirmative action to employ, advance in employment and otherwise treat qualified individuals with disabilities without discrimination based upon their physical or mental disability in all employment practices such as the following: employment, up-grading, demotion or transfer, recruitment, advertising, layoff or termination, rates of pay or other forms of compensation and selection for training including apprenticeship.

  3. In the event of the CONTRACTOR's noncompliance with the requirements of this clause, actions for noncompliance may be taken in accordance with the rules, regulations and relevant orders of the Secretary of Labor issued pursuant to the Act.
  4. The CONTRACTOR agrees to post in conspicuous places available to employees and applicants for employment notices in a form to be prescribed by the Director, provided by or through the contracting officer. Such notices shall state the CONTRACTOR's obligation under the law to take affirmative action to employ and advance in employment qualified handicapped employees and applicants for employment and the rights of applicants and employees.
  5. The CONTRACTOR will notify each labor union or representative of workers with which it has a collective bargaining agreement or other contract understanding that the CONTRACTOR is bound by the terms of Section 503 of the Rehabilitation Act of 1973 and is committed to take affirmative action to employ and advance in employment physically and mentally handicapped individuals.
  6. The CONTRACTOR will include the provisions of this clause in every subcontract or purchase order of \$2,500 or more unless exempted by rules, regulations or orders of the Secretary issued pursuant to section 503 of the Act so that such provisions will be binding upon each subcontractor or vendor. The CONTRACTOR will take such action with respect to any subcontract or purchase order as the Director of the Office of Federal Contract Compliance Programs may direct to enforce such provisions, including action for noncompliance.

### **Revolving Fund Policy**

#### 1. Statement of Policy

Community Development projects authorized to revolve program income shall be handled on a gross budget basis. As part of the annual proposal review process, the Community and Economic Development Committee shall recommend to the Common Council a maximum funding (gross budget) for each such project. Actual (entitlement) funds allocated shall be the difference between the established maximum and an estimate of revenue (program income) to be generated by the project during the program year. Such revenue estimates shall be included in the project proposal and are subject to review and approval by the Community Development Grants Administration and the Office of the Comptroller. Program income generated by the project in excess of the original estimate shall be returned for reprogramming. Requests for additional funds shall be handled in accordance with Common Council File Number 74-92-5v adopted April 10, 1979.

#### 2. Applicability and Scope

All projects authorized to revolve Community Development Grants Administration (CDGA) Program Income shall be handled in accordance with this policy.

#### 3. Authorization

Separate and specific action by the Community and Economic Development Committee shall be required to authorize a project to revolve program income. All projects so authorized shall be subject to an initial and periodic review of operational capacity and procedures relative to the management of these funds. Authority to revolve program income may be withdrawn by the Community and Economic Development Committee at any time.

#### 4. Control

The Community Development Grants Administration shall compare actual and estimated revenues for each project authorized to revolve program income on a quarterly basis. The results of these quarterly reviews shall be reported to the Community and Economic Development Committee with recommendations, if necessary, for adjustments or corrective actions. The deposit and reporting of program income shall be handled in a timely manner in accordance with procedures established jointly by the Community Development Grants Administration and the Office of the Comptroller.

### SECTION 3 OF THE HOUSING AND URBAN DEVELOPMENT ACT OF 1968 - 12 U.S.C. 1701(u).

1. The work to be performed under this contract is subject to the requirements of section 3 of the Housing and Urban Development act of 1968, as amended, 12 U.S.C. 1701u ("Section 3"). The purpose of Section 3 is to ensure that employment and other economic opportunities generated by HUD assistance or HUD-assisted projects covered by Section 3, shall, to the greatest extent feasible, be directed to low- and very low-income persons, particularly persons who are recipients of HUD assistance for housing.
2. The parties to this contract agree to comply with HUD's regulations in 24 CFR part 135, which implement Section 3. As evidenced by their execution of this contract, the parties to this contract certify that they are under no contractual or other impediment that would prevent them from complying with the part 135 regulations.
3. The CONTRACTOR agrees to send to each labor organization or representative of workers with which the CONTRACTOR has a collective bargaining agreement or other contract or other understanding, if any, a notice advising the labor organization or workers' representative of the CONTRACTOR's commitments under this Section 3 clause, and will post copies of the notice in conspicuous places at the work site where both employees and applicants for training and employment positions can see the notice. The notice shall describe the Section 3 preferences, shall set forth minimum number and job titles subject to hire, availability of apprentice-ship and training positions, the qualifications for each, and the name and location of the person(s) taking applications for each of the positions, and the anticipated date the work shall begin.
4. The CONTRACTOR agrees to include this Section 3 clause in every subcontract subject to compliance with regulations in 24 CFR part 135, and agrees to take appropriate action, as provided in an applicable provision of the subcontract or in this Section 3 clause, upon a finding that the subcontractor is in violation of the regulations in 24 CFR part 135. The CONTRACTOR will not subcontract with any subcontractor where the CONTRACTOR has notice or knowledge that the subcontractor has been found in violation of the regulations in 24 CFR part 135.
5. The CONTRACTOR will certify that any vacant employment positions, including training positions, that are filled (1) after the contractor is selected but before the contract is executed, and (2) with persons other than those to whom the regulations of 24 CFR part 135 require employment opportunities to be directed, were not filled to circumvent the CONTRACTOR's obligations under 24 CFR part 135.
6. Noncompliance with HUD's regulations in 24 CFR part 135 may result in sanctions, termination of this contract for default, and debarment or suspension from future HUD assisted contracts.
7. With respect to work performed in connection with Section 3 covered Indian Housing Assistance (section 7(b) of the Indian Self-Determination and Education Assistance Act, 25 U.S.C. § 450E), ("section 7b") also applies to the work to be performed under this Contract. Section 7(b) requires that to the greatest extent feasible (i) preference and opportunities for training and employment shall be given to Indians, and (ii) preference in the award of contracts and subcontracts shall be given to Indian organizations and Indian-owned economic enterprises. Parties to this contract that are subject to the provisions of Section 3 and Section 7(b) agree to comply with Section 3 to the maximum extent feasible, but not in derogation of compliance with Section 7(b).

### § 85.36 Procurement

(a) States. When procuring property and services under a grant, a State will follow the same policies and procedures it uses for procurements from its non-Federal funds. The State will ensure that every purchase order or other contract includes any clauses required by Federal statutes and executive orders and their implementing regulations. Other grantees and subgrantees will follow paragraphs (b) through (i) in this section.

(b) Procurement standards.

(1) Grantees and subgrantees will use their own procurement procedures which reflect applicable State and local laws and regulations, provided that the procurements conform to applicable Federal law and the standards identified in this section.

(2) Grantees and subgrantees will maintain a contract administration system which ensures that contractors perform in accordance with the terms, conditions, and specifications of their contracts or purchase orders.

(3) Grantees and subgrantees will maintain a written code of standards of conduct governing the performance of their employees engaged in the award and administration of contracts. No employee, officer or agent of the grantee or subgrantee shall participate in selection, or in the award or administration of a contract supported by Federal funds if a conflict of interest, real or apparent, would be involved. Such a conflict would arise when:

(i) The employee, officer or agent,

(ii) Any member of his immediate family,

(iii) His or her partner, or

(iv) An organization which employs, or is about to employ, any of the above, has a financial or other interest in the firm selected for award. The grantee's or subgrantee's officers, employees or agents will neither solicit nor accept gratuities, favors or anything of monetary value from contractors, potential contractors, or parties to subagreements. Grantee and subgrantees may set minimum rules where the financial interest is not substantial or the gift is an unsolicited item of nominal intrinsic value. To the extent permitted by State or local law or regulations, such standards or conduct will provide for penalties, sanctions, or other disciplinary actions for violations of such standards by the grantee's and subgrantee's officers, employees, or agents, or by contractors or their agents. The awarding agency may in regulation provide additional prohibitions relative to real, apparent, or potential conflicts of interest.

(4) Grantee and subgrantee procedures will provide for a review of proposed procurements to avoid purchase of unnecessary or duplicative items. Consideration should be given to consolidating or breaking out procurements to obtain a more economical purchase. Where appropriate, an analysis will be made of lease versus purchase alternatives, and any other appropriate analysis to determine the most economical approach.

(5) To foster greater economy and efficiency, grantees and subgrantees are encouraged to enter into State and local intergovernmental agreements for procurement or use of common goods and services.

## ATTACHMENT I

(6) Grantees and subgrantees are encouraged to use Federal excess and surplus property in lieu of purchasing new equipment and property whenever such use is feasible and reduces project costs.

(7) Grantees and subgrantees are encouraged to use value engineering clauses in contracts for construction projects of sufficient size to offer reasonable opportunities for cost reductions. Value engineering is a systematic and creative analysis of each contract item or task to ensure that its essential function is provided at the overall lower cost.

(8) Grantees and subgrantees will make awards only to responsible contractors possessing the ability to perform successfully under the terms and conditions of a proposed procurement. Consideration will be given to such matters as contractor integrity, compliance with public policy, record of past performance, and financial and technical resources.

(9) Grantees and subgrantees will maintain records sufficient to detail the significant history of a procurement. These records will include, but are not necessarily limited to the following: rationale for the method of procurement, selection of contract type, contractor selection or rejection, and the basis for the contract price.

(10) Grantees and subgrantees will use time and material type contracts only--

(i) After a determination that no other contract is suitable, and

(ii) If the contract includes a ceiling price that the contractor exceeds at its own risk.

(11) Grantees and subgrantees alone will be responsible, in accordance with good administrative practice and sound business judgment, for the settlement of all contractual and administrative issues arising out of procurements. These issues include, but are not limited to source evaluation, protests, disputes, and claims. These standards do not relieve the grantee or subgrantee of any contractual responsibilities under its contracts. Federal agencies will not substitute their judgment for that of the grantee or subgrantee unless the matter is primarily a Federal concern. Violations of law will be referred to the local, State, or Federal authority having proper jurisdiction.

(12) Grantees and subgrantees will have protest procedures to handle and resolve disputes relating to their procurements and shall in all instances disclose information regarding the protest to the awarding agency. A protestor must exhaust all administrative remedies with the grantee and subgrantee before pursuing a protest with the Federal agency. Reviews of protests by the Federal agency will be limited to:

(i) Violations of Federal law or regulations and the standards of this section (violations of State or local law will be under the jurisdiction of State or local authorities) and

(ii) Violations of the grantee's or subgrantee's protest procedures for failure to review a complaint or protest. Protests received by the Federal agency other than those specified above will be referred to the grantee or subgrantee.

(c) Competition.

(1) All procurement transactions will be conducted in a manner providing full and open competition consistent with the standards of § 85.36. Some of the situations considered to be restrictive of competition include but are not limited to:

(i) Placing unreasonable requirements on firms in order for them to qualify to do business,

(ii) Requiring unnecessary experience and excessive bonding,

(iii) Noncompetitive pricing practices between firms or between affiliated companies,

(iv) Noncompetitive awards to consultants that are on retainer contracts,

## ATTACHMENT I

(v) Organizational conflicts of interest,

(vi) Specifying only a "brand name" product instead of allowing "an equal" product to be offered and describing the performance of other relevant requirements of the procurement, and

(vii) Any arbitrary action in the procurement process.

(2) Grantees and subgrantees will conduct procurements in a manner that prohibits the use of statutorily or administratively imposed in-State or local geographical preferences in the evaluation of bids or proposals, except in those cases where applicable Federal statutes expressly mandate or encourage geographic preference. Nothing in this section preempts State licensing laws. When contracting for architectural and engineering (A/E) services, geographic location may be a selection criteria provided its application leaves an appropriate number of qualified firms, given the nature and size of the project, to compete for the contract.

(3) Grantees will have written selection procedures for procurement transactions. These procedures will ensure that all solicitations:

(i) Incorporate a clear and accurate description of the technical requirements for the material, product, or service to be procured. Such description shall not, in competitive procurements, contain features which unduly restrict competition. The description may include a statement of the qualitative nature of the material, product or service to be procured, and when necessary, shall set forth those minimum essential characteristics and standards to which it must conform if it is to satisfy its intended use. Detailed product specifications should be avoided if at all possible. When it is impractical or uneconomical to make a clear and accurate description of the technical requirements, a "brand name or equal" description may be used as a means to define the performance or other salient requirements of a procurement. The specific features of the named brand which must be met by offerors shall be clearly stated; and

(ii) Identify all requirements which the offerors must fulfill and all other factors to be used in evaluating bids or proposals.

(4) Grantees and subgrantees will ensure that all prequalified lists of persons, firms, or products which are used in acquiring goods and services are current and include enough qualified sources to ensure maximum open and free competition. Also, grantees and subgrantees will not preclude potential bidders from qualifying during the solicitation period.

(d) Methods of procurement to be followed

(1) Procurement by small purchase procedures. Small purchase procedures are those relatively simple and informal procurement methods for securing services, supplies, or other property that do not cost more than the simplified acquisition threshold fixed at 41 U.S.C. 403(11) (currently set at \$100,000). If small purchase procedures are used, price or rate quotations shall be obtained from an adequate number of qualified sources.

(2) Procurement by sealed bids (formal advertising). Bids are publicly solicited and a firm-fixed-price contract (lump sum or unit price) is awarded to the responsible bidder whose bid, conforming with all the material terms and conditions of the invitation for bids, is the lowest in price. The sealed bid method is the preferred method for procuring construction, if the conditions in § 85.36(d)(2)(i) apply.

(i) In order for sealed bidding to be feasible, the following conditions should be present:

(A) A complete, adequate, and realistic specification or purchase description is available;

(B) Two or more responsible bidders are willing and able to compete effectively and for the business; and

(C) The procurement lends itself to a firm fixed price contract and the selection of the successful bidder can be made principally on the basis of price.

## ATTACHMENT I

(ii) If sealed bids are used, the following requirements apply:

(A) The invitation for bids will be publicly advertised and bids shall be solicited from an adequate number of known suppliers, providing them sufficient time prior to the date set for opening the bids;

(B) The invitation for bids, which will include any specifications and pertinent attachments, shall define the items or services in order for the bidder to properly respond;

(C) All bids will be publicly opened at the time and place prescribed in the invitation for bids;

(D) A firm fixed-price contract award will be made in writing to the lowest responsive and responsible bidder. Where specified in bidding documents, factors such as discounts, transportation cost, and life cycle costs shall be considered in determining which bid is lowest. Payment discounts will only be used to determine the low bid when prior experience indicates that such discounts are usually taken advantage of; and

(E) Any or all bids may be rejected if there is a sound documented reason.

(3) Procurement by competitive proposals. The technique of competitive proposals is normally conducted with more than one source submitting an offer, and either a fixed-price or cost-reimbursement type contract is awarded. It is generally used when conditions are not appropriate for the use of sealed bids. If this method is used, the following requirements apply:

(i) Requests for proposals will be publicized and identify all evaluation factors and their relative importance. Any response to publicized requests for proposals shall be honored to the maximum extent practical;

(ii) Proposals will be solicited from an adequate number of qualified sources;

(iii) Grantees and subgrantees will have a method for conducting technical evaluations of the proposals received and for selecting awardees;

(iv) Awards will be made to the responsible firm whose proposal is most advantageous to the program, with price and other factors considered; and

(v) Grantees and subgrantees may use competitive proposal procedures for qualifications-based procurement of architectural/engineering (A/E) professional services whereby competitors' qualifications are evaluated and the most qualified competitor is selected, subject to negotiation of fair and reasonable compensation. The method, where price is not used as a selection factor, can only be used in procurement of A/E professional services. It cannot be used to purchase other types of services though A/E firms are a potential source to perform the proposed effort.

(4) Procurement by noncompetitive proposals is procurement through solicitation of a proposal from only one source, or after solicitation of a number of sources, competition is determined inadequate.

(i) Procurement by noncompetitive proposals may be used only when the award of a contract is infeasible under small purchase procedures, sealed bids or competitive proposals and one of the following circumstances applies:

(A) The item is available only from a single source;

(B) The public exigency or emergency for the requirement will not permit a delay resulting from competitive solicitation;

(C) The awarding agency authorizes noncompetitive proposals; or

(D) After solicitation of a number of sources, competition is determined inadequate.

(ii) Cost analysis, i.e., verifying the proposed cost data, the projections of the data, and the evaluation of the specific elements of costs and profits, is required.

## ATTACHMENT I

(iii) Grantees and subgrantees may be required to submit the proposed procurement to the awarding agency for pre-award review in accordance with paragraph (g) of this section.

(e) Contracting with small and minority firms, women's business enterprise and labor surplus area firms.

(1) The grantee and subgrantee will take all necessary affirmative steps to assure that minority firms, women's business enterprises, and labor surplus area firms are used when possible.

(2) Affirmative steps shall include:

(i) Placing qualified small and minority businesses and women's business enterprises on solicitation lists;

(ii) Assuring that small and minority businesses, and women's business enterprises are solicited whenever they are potential sources;

(iii) Dividing total requirements, when economically feasible, into smaller tasks or quantities to permit maximum participation by small and minority business, and women's business enterprises;

(iv) Establishing delivery schedules, where the requirement permits, which encourage participation by small and minority business, and women's business enterprises;

(v) Using the services and assistance of the Small Business Administration, and the Minority Business Development Agency of the Department of Commerce; and

(vi) Requiring the prime contractor, if subcontracts are to be let, to take the affirmative steps listed in paragraphs (e)(2) (i) through (v) of this section.

(f) Contract cost and price.

(1) Grantees and subgrantees must perform a cost or price analysis in connection with every procurement action including contract modifications. The method and degree of analysis is dependent on the facts surrounding the particular procurement situation, but as a starting point, grantees must make independent estimates before receiving bids or proposals. A cost analysis must be performed when the offeror is required to submit the elements of his estimated cost, e.g., under professional, consulting, and architectural engineering services contracts. A cost analysis will be necessary when adequate price competition is lacking, and for sole source procurements, including contract modifications or change orders, unless price reasonableness can be established on the basis of a catalog or market price of a commercial product sold in substantial quantities to the general public or based on prices set by law or regulation. A price analysis will be used in all other instances to determine the reasonableness of the proposed contract price.

(2) Grantees and subgrantees will negotiate profit as a separate element of the price for each contract in which there is no price competition and in all cases where cost analysis is performed. To establish a fair and reasonable profit, consideration will be given to the complexity of the work to be performed, the risk borne by the contractor, the contractor's investment, the amount of subcontracting, the quality of its record of past performance, and industry profit rates in the surrounding geographical area for similar work.

(3) Costs or prices based on estimated costs for contracts under grants will be allowable only to the extent that costs incurred or cost estimates included in negotiated prices are consistent with Federal cost principles (see § 85.22). Grantees may reference their own cost principles that comply with the applicable Federal cost principles.

(4) The cost plus a percentage of cost and percentage of construction cost methods of contracting shall not be used.

(g) Awarding agency review.

## ATTACHMENT I

(1) Grantees and subgrantees must make available, upon request of the awarding agency, technical specifications on proposed procurements where the awarding agency believes such review is needed to ensure that the item and/or service specified is the one being proposed for purchase. This review generally will take place prior to the time the specification is incorporated into a solicitation document. However, if the grantee or subgrantee desires to have the review accomplished after a solicitation has been developed, the awarding agency may still review the specifications, with such review usually limited to the technical aspects of the proposed purchase.

(2) Grantees and subgrantees must on request make available for awarding agency pre-award review procurement documents, such as requests for proposals or invitations for bids, independent cost estimates, etc. when:

(i) A grantee's or subgrantee's procurement procedures or operation fails to comply with the procurement standards in this section; or

(ii) The procurement is expected to exceed the simplified acquisition threshold and is to be awarded without competition or only one bid or offer is received in response to a solicitation; or

(iii) The procurement, which is expected to exceed the simplified acquisition threshold, specifies a "brand name" product; or

(iv) The proposed award is more than the simplified acquisition threshold and is to be awarded to other than the apparent low bidder under a sealed bid procurement; or

(v) A proposed contract modification changes the scope of a contract or increases the contract amount by more than the simplified acquisition threshold.

(3) A grantee or subgrantee will be exempt from the pre-award review in paragraph (g)(2) of this section if the awarding agency determines that its procurement systems comply with the standards of this section.

(i) A grantee or subgrantee may request that its procurement system be reviewed by the awarding agency to determine whether its system meets these standards in order for its system to be certified. Generally, these reviews shall occur where there is a continuous high-dollar funding, and third-party contracts are awarded on a regular basis.

(ii) A grantee or subgrantee may self-certify its procurement system. Such self-certification shall not limit the awarding agency's right to survey the system. Under a self-certification procedure, awarding agencies may wish to rely on written assurances from the grantee or subgrantee that it is complying with these standards. A grantee or subgrantee will cite specific procedures, regulations, standards, etc., as being in compliance with these requirements and have its system available for review.

(h) Bonding requirements. For construction or facility improvement contracts or subcontracts exceeding the simplified acquisition threshold, the awarding agency may accept the bonding policy and requirements of the grantee or subgrantee provided the awarding agency has made a determination that the awarding agency's interest is adequately protected. If such a determination has not been made, the minimum requirements shall be as follows:

(1) A bid guarantee from each bidder equivalent to five percent of the bid price. The "bid guarantee" shall consist of a firm commitment such as a bid bond, certified check, or other negotiable instrument accompanying a bid as assurance that the bidder will, upon acceptance of his bid, execute such contractual documents as may be required within the time specified.

(2) A performance bond on the part of the contractor for 100 percent of the contract price. A "performance bond" is one executed in connection with a contract to secure fulfillment of all the contractor's obligations under such contract.

(3) A payment bond on the part of the contractor for 100 percent of the contract price. A "payment bond" is one executed in connection with a contract to assure payment as required by law of all persons supplying labor and material in the execution of the work provided for in the contract.

## ATTACHMENT I

- (i) Contract provisions. A grantee's and subgrantee's contracts must contain provisions in paragraph (i) of this section. Federal agencies are permitted to require changes, remedies, changed conditions, access and records retention, suspension of work, and other clauses approved by the Office of Federal Procurement Policy.
- (1) Administrative, contractual, or legal remedies in instances where contractors violate or breach contract terms, and provide for such sanctions and penalties as may be appropriate. (Contracts more than the simplified acquisition threshold)
  - (2) Termination for cause and for convenience by the grantee or subgrantee including the manner by which it will be effected and the basis for settlement. (All contracts in excess of \$10,000)

**§ 84.42 Codes of conduct.**

The recipient shall maintain written standards of conduct governing the performance of its employees engaged in the award and administration of contracts. No employee, officer, or agent shall participate in the selection, award, or administration of a contract supported by Federal funds if a real or apparent conflict of interest would be involved. Such a conflict would arise when the employee, officer, or agent, any member of his or her immediate family, his or her partner, or an organization which employs or is about to employ any of the parties indicated herein, has a financial or other interest in the firm selected for an award. The officers, employees, and agents of the recipient shall neither solicit nor accept gratuities, favors, or anything of monetary value from contractors, or parties to subagreements. However, recipients may set standards for situations in which the financial interest is not substantial or the gift is an unsolicited item of nominal value. **§ 84.43 Competition.**

All procurement transactions shall be conducted in a manner to provide, to the maximum extent practical, open and free competition. The recipient shall be alert to organizational conflicts of interest as well as noncompetitive practices among contractors that may restrict or eliminate competition or otherwise restrain trade. In order to ensure objective contractor performance and eliminate unfair competitive advantage, contractors that develop or draft specifications, requirements, statements of work, invitations for bids and/or requests for proposals shall be excluded from competing for such procurements. Awards shall be made to the bidder or offeror whose bid or offer is responsive to the solicitation and is most advantageous to the recipient, price, quality and other factors considered. Solicitations shall clearly set forth all requirements that the bidder or offeror shall fulfill in order for the bid or offer to be evaluated by the recipient. **§ 84.44 Procurement procedures.**

(a) All recipients shall establish written procurement procedures. These procedures shall provide for, at a minimum, that paragraphs (a)(1), (a)(2) and (a)(3) of this section apply.

(1) Recipients avoid purchasing unnecessary items.

(2) Where appropriate, an analysis is made of lease and purchase alternatives to determine which would be the most economical and practical procurement for the Federal Government.

(3) Solicitations for goods and services provide for all of the following.

(i) A clear and accurate description of the technical requirements for the material, product or service to be procured. In competitive procurements, such a description shall not contain features which unduly restrict competition.

(ii) Requirements which the bidder/offeror must fulfill and all other factors to be used in evaluating bids or proposals.

(iii) A description, whenever practicable, of technical requirements in terms of functions to be performed or performance required, including the range of acceptable characteristics or minimum acceptable standards.

(iv) The specific features of "brand name or equal" descriptions that bidders are required to meet when such items are included in the solicitation.

(v) The acceptance, to the extent practicable and economically feasible, of products and services dimensioned in the metric system of measurement.

(vi) Preference, to the extent practicable and economically feasible, for products and services that conserve natural resources and protect the environment and are energy efficient.

(b) Positive efforts shall be made by recipients to utilize small businesses, minority-owned firms, and women's business enterprises, whenever possible. Recipients of Federal awards shall take all of the following steps to further this goal.

(1) Ensure that small businesses, minority-owned firms, and women's business enterprises are used to the fullest extent practicable.

(2) Make information on forthcoming opportunities available and arrange time frames for purchases and contracts to encourage and facilitate participation by small businesses, minority-owned firms, and women's business enterprises.

(3) Consider in the contract process whether firms competing for larger contracts intend to subcontract with small businesses, minority-owned firms, and women's business enterprises.

## ATTACHMENT I

(4) Encourage contracting with consortiums of small businesses, minority-owned firms and women's business enterprises when a contract is too large for one of these firms to handle individually.

(5) Use the services and assistance, as appropriate, of such organizations as the Small Business Administration and the Department of Commerce's Minority Business Development Agency in the solicitation and utilization of small businesses, minority-owned firms and women's business enterprises.

(c) The type of procuring instruments used (e.g., fixed price contracts, cost reimbursable contracts, purchase orders, and incentive contracts) shall be determined by the recipient but shall be appropriate for the particular procurement and for promoting the best interest of the program or project involved. The "cost-plus-a-percentage-of-cost" or "percentage of construction cost" methods of contracting shall not be used.

(d) Contracts shall be made only with responsible contractors who possess the potential ability to perform successfully under the terms and conditions of the proposed procurement. Consideration shall be given to such matters as contractor integrity; compliance with public policy, including, where applicable, Section 3 of the Housing and Urban Development Act of 1968 (12 U.S.C. 1701u); record of past performance; financial and technical resources or accessibility to other necessary resources. In certain circumstances, contracts with certain parties are restricted by implementation of E.O.s 12549 and 12689, "Debarment and Suspension," at 24 CFR part 24.

(e) Recipients shall, on request, make available for the Federal awarding agency, pre-award review and procurement documents, such as requests for proposals or invitations for bids, independent cost estimates, etc., when any of the following conditions apply.

(1) A recipient's procurement procedures or operation fails to comply with the procurement standards in HUD's implementation of Circular A-110.

(2) The procurement is expected to exceed \$100,000 or the small purchase threshold fixed at 41 U.S.C. 403 (11), whichever is greater, and is to be awarded without competition or only one bid or offer is received in response to a solicitation.

(3) The procurement, which is expected to exceed the small purchase threshold, specifies a "brand name" product.

(4) The proposed award over the small purchase threshold is to be awarded to other than the apparent low bidder under a sealed bid procurement.

(5) A proposed contract modification changes the scope of a contract or increases the contract amount by more than the amount of the small purchase threshold.

**§ 84.48 Contract provisions.**

The recipient shall include, in addition to provisions to define a sound and complete agreement, the following provisions in all contracts. The following provisions shall also be applied to subcontracts.

(a) Contracts in excess of the small purchase threshold shall contain contractual provisions or conditions that allow for administrative, contractual, or legal remedies in instances in which a contractor violates or breaches the contract terms, and provide for such remedial actions as may be appropriate.

(b) All contracts in excess of the small purchase threshold shall contain suitable provisions for termination by the recipient, including the manner by which termination shall be effected and the basis for settlement. In addition, such contracts shall describe conditions under which the contract may be terminated for default as well as conditions where the contract may be terminated because of circumstances beyond the control of the contractor.

(c) Except as otherwise required by statute, an award that requires the contracting (or subcontracting) for construction or facility improvements shall provide for the recipient to follow its own requirements relating to bid guarantees, performance bonds, and payment bonds unless the construction contract or subcontract exceeds \$100,000. For those contracts or subcontracts exceeding \$100,000, HUD may accept the bonding policy and requirements of the recipient, provided HUD has made a determination that the Federal Government's interest is adequately protected. If such a determination has not been made, the minimum requirements shall be as follows:

## ATTACHMENT I

(1) A bid guarantee from each bidder equivalent to five percent of the bid price. The "bid guarantee" shall consist of a firm commitment such as a bid bond, certified check, or other negotiable instrument accompanying a bid as assurance that the bidder shall, upon acceptance of his bid, execute such contractual documents as may be required within the time specified.

(2) A performance bond on the part of the contractor for 100 percent of the contract price. A "performance bond" is one executed in connection with a contract to secure fulfillment of all the contractor's obligations under such contract.

(3) A payment bond on the part of the contractor for 100 percent of the contract price. A "payment bond" is one executed in connection with a contract to assure payment as required by statute of all persons supplying labor and material in the execution of the work provided for in the contract.

(4) Where bonds are required in the situations described herein, the bonds shall be obtained from companies holding certificates of authority as acceptable sureties pursuant to 31 CFR part 223, "Surety Companies Doing Business with the United States."

(d) All negotiated contracts (except those for less than the small purchase threshold) awarded by recipients shall include a provision to the effect that the recipient, HUD, the Comptroller General of the United States, or any of their duly authorized representatives, shall have access to any books, documents, papers and records of the contractor which are directly pertinent to a specific program for the purpose of making audits, examinations, excerpts and transcriptions.

(e) All contracts, including small purchases, awarded by recipients and their contractors shall contain the procurement provisions of Appendix A to this rule, as applicable.

### City of Milwaukee, Wisconsin-Community Development Grants Administration

#### Performance – Based Measurement System for Activities Funded by CDBG, HOME, ESG, ADDI and HOPWA

For the past few years, the City of Milwaukee Community Development Grants Administration has required that all funded subrecipients report their accomplishments on a monthly basis and assess their own performance and progress towards addressing the issues facing the low income areas in which they serve.

**This is required by HUD and accepted by the City of Milwaukee-Community Development Grants Administration** as an attempt to analyze and measure the effectiveness and efficiency of funded programs.

In addition, as part of this ongoing assessment of performance of funded programs, from January 1<sup>st</sup> - December 31<sup>st</sup> of the given year, all agencies funded by Community Development Grants Administration, are required to link goals and activities with outcomes and **collect the data associated with proposed outcomes and submit the data to CDGA.**

As such, funded agencies are required to track the outcomes that they have selected during the program year. They must also include the data source and backup documentation as it pertains to the selected outcome. In addition, a narrative explaining the data source is required, along with an explanation on how the selected outcomes lead and/or contributes to one or more of CDGA's Long Term Outcomes as listed below:
