**1. Description of Grant Project/Program (Include Target Locations and Populations):**

The Cities Readiness Initiative (CRI) is a pilot program to aid cities in increasing their capacity to deliver medicines and medical supplies during a large-scale public health emergency such as a bioterrorism attack or a nuclear accident. The Cities Readiness Initiative will help save lives through timely delivery of medicines and medical supplies during a large-scale public health emergency. It will enable cities to deliver medicines and medical supplies to their populations within a timeframe that will make an appreciable health difference in the event of a bioterrorism attack.

The Pandemic Influenza project is a project that requires all local public health departments and tribal jurisdictions to complete the Centers for Disease Control (CDC) and Prevention Pandemic Influenza Local Assessment, to complete a Pandemic Influenza Plan and to complete a Pandemic Influenza exercise as well as to continue to build upon public health preparedness outreach and education initiatives.

**2. Relationship to City-wide Strategic Goals and Departmental Objectives:**

This grant is consistent with the departmental strategic goal of increasing public health preparedness to respond to emergencies.
