

February 1, 2006

To the Honorable, the Common Council

Dear Honorable Members:

The Wisconsin Department of Transportation has approved a TE/STP-D project that provides funds to acquire real estate for transportation and recreational uses in Milwaukee's Riverwest neighborhood. As part of the engineering work, the City of Milwaukee has prepared a right-of-way plat showing the right-of-way needed to accommodate the new construction. The plat includes both permanent and temporary rights required to accommodate the subject project.

We have reviewed the right-of-way plat and have prepared the attached resolution approving said plat and authorizing commencement of the right-of-way activities for the project. This resolution also authorizes and directs the City Comptroller to transfer funds for the City's share of the right-of-way costs for this project.

Very truly yours,

Jeffrey S. Polenske, P.E.
City Engineer

Jeffrey J. Mantes
Commissioner of Public Works
