Good afternoon- I am sending this email in hopes of being heard in your decision for allowing live music at the above mentioned establishment. This establishment has been having live bands all summer. While I am a fan of providing neighbors with alternative options for entertainment, I would like to suggest that a reasonable limit be imposed. This past summer, the bands would sometimes be playing until 11pm. That in my opinion is too late and causes a disturbance in the neighborhood. Especially on a Sunday night when folk are preparing for work on Monday morning. I would propose that live music be limited to twice a month and end at or before 10pm on Friday and Saturday and 9pm on Sunday. Thank you for your consideration.
