To the Public Works Committee

Subject: Common Council Resolution File Number 110407

Dear Honorable Members:

Returned herewith is Common Council Resolution File Number 110407, being a resolution to grant a special privilege to Jeraug Inc to construct and maintain a raised patio in the public right-of-way for the premises at 7602 West Lisbon Avenue.

The applicant is requesting permission to construct and maintain a raised patio consisting of a concrete block retaining wall, concrete slab and metal fence in the west, 12-foot wide sidewalk area of North 76th Street. The raised patio projects 11 inches into the public way, commencing at a point approximately 100 feet north of the northline of West Lisbon Avenue and extends 41 feet to the north. It should be noted that no portion of the raised patio conflicts with the existing paved public sidewalk.

We are not aware that the presence of said barrier raised patio will have an adverse effect on the general use of the public right-of-way. We have, therefore, prepared the attached special privilege resolution, which, if adopted, will allow said raised patio to occupy the public right-of-way.

Very truly yours,

Jeffrey S. Polenske, P.E.
