 - 4. Sale for New Construction
- . City-Owned Vacant Lot Strategy for 2026

City-Owned Vacant Lots Inventory Details

includes City of Milwaukee, HACM, and RACM parcels with land uses codes 8880 & 8885

City-Owned Vacant Lots Inventory Details

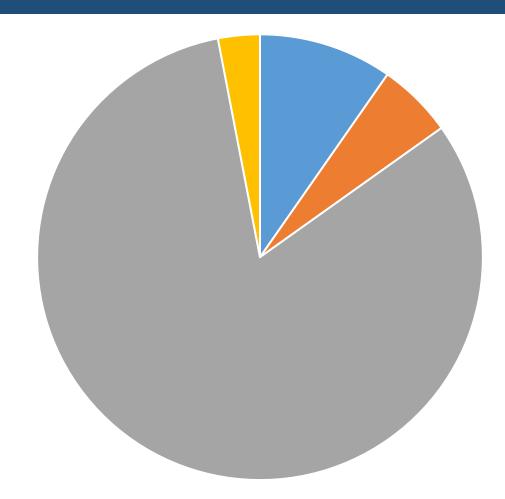

Breakdown of 3,307 Vacant Lots:

280 are unbuildable or currently unsellable

320 are only buildable if combined with adjacent lot

Approximately 2,700 buildable lots

- Assemble (two or more unbuildable lots that could be combined into one buildable lot) Rough Total: 320
- Market to Adjacent (not buildable ever—unbuildable rear or side lots) Rough Total: 180
- Buildable Lots Rough Total: 2700
- Miscellaneous (Unsellable lots or lots that required further research) Rough Total: 100

City-Owned Vacant Lots Inventory Details

Unbuildable or Unsellable

- Rear and side lots, miscellaneous sites that require more research
- 280 lots

Buildable if Combined

- If combined with an adjacent lot, would be buildable as one combined lot
- . 320 lots

Buildable

- Good and potentially good build sites
- Approximately 2,700 lots

Maintain Existing Inventory

Current Inventory

- 3,307 vacant lots
- Approximately 600 are not buildable in current condition, but still require maintenance

DCD Real Estate Property Management

- Staff spends nearly equal time on vacant lots as improved properties
- Respond to calls and emails about illegal dumping and nuisances

Contracts

- Mowing and snow removal
- Trash removal
- Brush and tree removal

Interim Uses

Community Improvement Projects (CIP)

Activity Since 2021

- Annually, two city-wide events:
 Bloom and Groom and Fall Frolic
- 50 projects: Neighborhood signs, pocket parks, community gardens, tree canopy project, rainwater catchment systems, art/mural installations, benches, etc.
- Matching grants: Over \$280,000
- Residents engaged: Over 2,000

Interim Uses

Healing Space Initiative (HSI)

Activity Since 2021

- 13 sites: Peace parks, little free libraries, sensory gardens, benches, etc.
- 11 activation grants: Craft night, gardening class, meditation, yoga, tai chi, etc.
- Grants: Over \$70,000
- Residents engaged: Over 400

Side Lot Sales

Subsection of Total Inventory

Unbuildable or Unsellable

- Rear and side lots, miscellaneous sites that require more research
- . 280 lots

Buildable if Combined

- . If combined with an adjacent lot, would be buildable as one combined lot
- . 320 lots

Buildable

- Good and potentially good build sites
- Approximately 2,700 lots

Green Space Land Sales:

Side Lot Sale Program & "Sliver" Lots

Side Lot Sales

- Owner occupant neighbors adjacent to a City-owned lot can apply to buy the lot for additional yard space.
- Lots that are not great for new construction may qualify.
 Eg: a front/back lot situation
- 17 of these sales completed in 2024

"Sliver" Lots

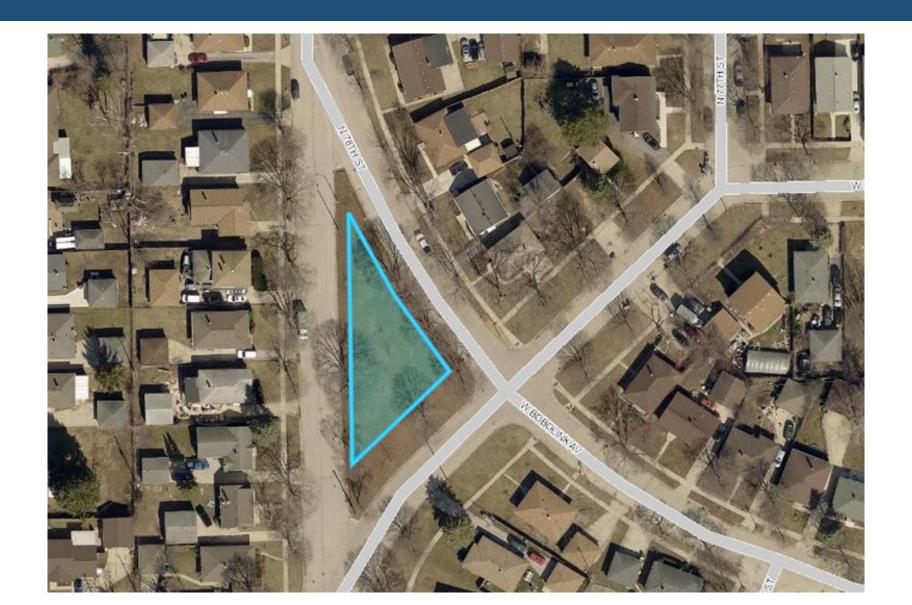

- Very small/awkward shaped lots the City owns that cannot be developed on their own are deeded to adjacent neighbors for free
- New program in 2025
- DCD has been working with sliver lots in the 10th and 13th Aldermanic Districts so far, with intent to expand

Miscellaneous Lots

Example

Inventory Details

Unbuildable or Unsellable

- . Rear and side lots, miscellaneous sites that require more research
- . 280 lots

Buildable if Combined

- If combined with an adjacent lot, would be buildable as one combined lot
- . 320 lots

Buildable

- Good and potentially good build sites
- Approximately 2,700 lots

Breakdown of Buildable Lots

Great Build Sites

 Not narrow, has yard space, large enough for off-street parking, located in residential areas (not next to any noxious uses)

Potential Build Sites

- Buildable based on lot size, alley access, etc.
- Strategic planning meetings with local alder for these types of lots would be invaluable

Maybe Build Sites

 Lots are technically buildable based on size, but marketability depends on location and economics

Working with Community Partners

Early Childhood Educators Initiative

- Four developers working on 40 new construction single family homes, affordably priced exclusively for qualifying daycare providers
- Construction fully completed by 2026, split between 6th, 7th, 12th, and 15th Aldermanic Districts

MCC YouthBuild Initiative

• 2-3 new construction homes per year, 2025 homes being built in 7th Aldermanic District

VIA CDC New Build Townhomes

• 10 new duplex townhome units, to be built in 2026, in the 12th Aldermanic District

Walnut Circle and Josey Heights

Walnut Circle and Josey Heights Neighborhoods

- Market rate single family models cost between \$380,000 - \$450,000 to construct
- Focus neighborhoods in 15th Aldermanic District
- \$1,000 land sale + \$30,000 subsidy offered through DCD for down payment assistance
- Must owner occupy for 7 years
- Three new homes built in the last 24 months

Backbone TID Strategy

2024 Midtown Homeownership Initiative

 34 single family homes, 20 duplexes will be built on city-owned lots by 2028

• 59 single family homes will be built on city-owned lots by 2030

2026 Anticipate Creating Amani Homeownership Initiative

 Potentially 50 single family homes to be built over a 5-year period on city-owned lots

Revive Housing Development

Affordable Homeownership Model

- Homebuyers: 80% AMI households
- New construction attached housing
 - Potential Styles:
 - Townhomes or Rowhouses
 - Duplexes
 - Side-by-side or stacked
 - Small multifamily buildings
 - Condominiums or cooperative units

Revive Housing Development

Affordable Homeownership Model

- Prove/understand the market and obstacles in constructing attached housing styles
- Late 2025 RFQ for qualified developers to build new affordable units for homeownership
 - Likely subsidize \$100,000-\$125,000 per unit
- \$2,800,000 pool of funds (approx. 23-25 units)
 - Federal PRO Housing Grant \$1,200,000
 - Revive 2026 Proposed City Funds \$1,600,000

Goals for 2026

Clean up inventory

Dispense of unbuildable and unsellable parcels wherever possible

Strategic planning by district

 Meet with local alders in districts with vacant lot inventories and develop criteria for lot sales

Active and creative marketing

- District 10: Ideas for community education
- Local non-profit development partners
- Social media
- Explore alternative and emerging building technologies
