RE: C.I File No.: 09-S-308  
Your Insured. Randy Michalzik  
Your Claim No P0088314

Dear Ms Schumacher:

We have received your claim in the amount of \$855 34, relating to your interests and the interests of your insured arising from an August 5, 2009 loss when your insured's vehicle was damaged from falling debris while it was parked under the 16<sup>th</sup> Street viaduct, Milwaukee, WI.

Our investigation reveals that the Infrastructure Services Division indicates that at one time the viaduct spanned several railroad lines and it was subject to corrosive exhaust gasses from the locomotives. Structural steel above the rail lines was protected with a cement-based coating. Department of Public Works crews remove any apparent loose concrete under this viaduct once or twice per year. In addition, netting was placed below some of the bays where the protective coating was applied. These bays do have signs allowing parking for City employees only. These signs were put up due to patrons of a nearby casino parking in these spots. The City employees that park in these spots do so at their own risk. As such, the City cannot accept liability and we are denying your claim.
