Subject: Re: HPC Study Report for Tuesday, December 16th Meeting

Linda, we acknowledge receipt of the materials recently provided by the Historic Preservation Commission regarding the proposed designation.

Given the volume and technical nature of these materials, and the fact that they were provided shortly before the scheduled meeting, we respectfully request a continuance of the upcoming hearing to allow sufficient time for a meaningful review (2weeks or less if need be).

As the property owner, we believe it is important to fully understand the information being relied upon, evaluate potential impacts, and prepare a thoughtful and informed response. Adequate time to review these documents is necessary to ensure procedural fairness and to allow for effective participation in the process.

We are therefore requesting that this matter be adjourned and rescheduled for a later date, allowing a reasonable review period. We are happy to coordinate with staff on a mutually agreeable timeframe.

Thank you for your consideration. We appreciate the Commission's attention to ensuring a fair and complete process.

Sincerely,

Ryan

Linda, we just received your report and would appreciate some time to fully review and digest its contents. We respectfully request an adjournment of this matter and a few additional weeks to prepare for the meeting so we can respond thoughtfully and be fully prepared for a productive discussion in early January.
