Meeting: ZONING, NEIGHBORHOODS & DEVELOPMENT COMMITTEE on 2020-11-17 9:00 AM - This is a virtual meeting. Those wishing to view the proceedings are able to do so via the City Channel - Channel 25 on Spectrum Cable - or on the Internet at <http://city.milwaukee.gov>

Item: 4. 200695 A substitute ordinance relating to the change in zoning from Industrial Heavy, IH, to Industrial Mixed, IM, for the properties located at 123 and 147 East Becher Street, located on the south side of East Becher Street, east of South 1st Street, in the 14th Aldermanic District.

eComment: I have been living in Bay View and the Southside of Milwaukee collectively for almost a decade. Something that bothers me are all of the developments that have come up that do not contribute to diversity and inclusion. I want this project to succeed. I want to see more affordable housing in Bay View, and I also like to see support for emerging small businesses, especially minority small businesses. Our previous alder did not care about that and now we have a few developments nearby that are continuing to gentrify the area. Lastly, I can attest to the fact that it's really easy to get around BV on foot and I would like to see more incentives in these developments and for all residents and visitors to walk and bike instead of drive. I want BV to be THE most friendly place to bike and walk in MKE. We need to introduce more meter parking and market rate parking. It is a proven fact that market rate pricing helps free up parking so we don't need keep asking for MORE. Any revenue from parking should go into making

bike/ped No. ONE
