

CITY OF MILWAUKEE

July 3rd 2009

On June 28th 2009 my basement got flooded and was so bad. that night it was raining & storming. I stay at 2420 W Chambers on the end house by the alley. brand new beautiful Habitat for Humanity home. We just move in on April 2, 2009. I was devastated. When I went in my basement for my work uniforms at 4:00 A.M. Friday morning. My basement had awful smell. It smell like sewage. the basement was a finish basement just marvelous. And everything I own was down there. The floor was high as my knees and black & slippery. When I went to open my brand new washer & dryer it was full of sewage everything in the dryer was damage. So I called in to work until that Wednesday June 24th 2009 because of all the cleaning & throwing away all of my furniture. My drywall its damage and starting to mildew. So much that I lost out on. First my Hot water tank (NO Hot)

water for my kids. My furnace, 3 piece
furniture set for \$1000, 52 in Tv \$3500,
radio \$250, washer \$500 dryer \$400, Computer \$2500,
(xp Dell) refrigerator \$600, AB exercise machine
\$150, Air Conditioner \$200, 19 in Tv \$150,
over 20 comforter sets adults & kids so
many clothes, toys, pictures, Big floor rug,
Important papers & receipts. The only
thing I was able to save was my girls
3 bikes which they was so happy. ME & my
family lost out on so much I work
hard to get. Its like starting all over
again. Laundry is one of my house
duty so now on I will keep that
up. So for the future I will not keep
nothing important down their like I did.
So Im asking Can someone please help
me and my family out I have 3 little
girls ages: 2, 4, 8 years old. I dont
make that much money. I just receive
my dream which was my New Home.
Ive been crying so hard, I had no
sewish insurance. I got it now on
my basement now. So Can Someone please →

help me & my family out with something.

Sincerely
Makisha Cooper
