RECEIVED

COMMISSIONER
PUBLIC WORKS

Dear Mr. Mantes:

I have reviewed the petition that you filed with this department to obtain a "Special Order" and have found that your ordinance or other enactment for ascertaining and determining the prevailing wage rates applicable to those public works projects subject to the provisions of s. 66.0903, Stats., generally speaking, sets forth standards, policies, procedures or practices which are as high or higher than those specified in such statute, however, there may be exceptions.

Therefore, pursuant to the authority provided to this department in s. 66.0903(6), Stats., I am conditionally approving your petition to be exempt from applying to this department, on a project-by-project basis, for a schedule of prevailing wage rates for any trade and/or occupation required to construct any public works project within your jurisdiction as normally required by s. 66.0903(3) Stats. The projects subject to this "Special Order" are specifically set forth in s. 66.0903(3), Stats. and Section DWD 290.035 of the Wisconsin Administrative Code. A complete copy of both the statute and administrative code mentioned above are enclosed for your review.

This "Special Order" shall be effective upon receipt and shall continue in full force and in effect until December 31, 2005 but is subject to revocation for cause at any time. The provisions of s. 66.0903, Stats. and chapter DWD 290 of the Wisconsin Administrative Code remain in full force and effect and are not included within the scope of this "Special Order."

You must inform this department of any change to your ordinance or other enactment, policies, procedures or practices, other than those set forth in this document, prior to the implementation of such change.

A current schedule of prevailing wage rates applicable to those public works projects normally subject to s. 66.0903, Stats. is enclosed. Your existing schedule of prevailing wage rates MUST be adjusted, where necessary, to ensure that the prevailing wage rates specified in same meet or exceed the prevailing wage rates specified for those trades and/or occupations included on the enclosed schedule.

Mr. Jeffery J. Mantes, Commissioner of Public Works
City of Milwaukee, Department of Public Works
841 North Broadway, Room 501
Milwaukee, WI 53202
Page 2

An up-to-date schedule of prevailing wage rates may be provided to you periodically during the ensuing months. Such schedule will reflect any change(s) in the prevailing wage rates that may have occurred in your jurisdiction since the initial issuance of this "Special Order."

This "Special Order" shall be deemed to be a "Final Order" of this department UNLESS A REQUEST for an administrative review is received within ten (10) days from the date indicated below.
