Project/Program Title: Gonococcal Susceptibility Project

Grantor Agency: Centers for Disease Control through the Association of Public Health Laboratories

Grant Application Date: 11/03/04

Anticipated Award Date: 02/01/05

Please provide the following information:

1. Description of Grant Project/Program (Include Target Locations and Populations):

The Association of Public Health Laboratories (APHL) through the APHL/CDC Cooperative Agreement, is funding the laboratory to examine the antimicrobial susceptibility patterns on *Neisseria gonorrhoeae* among infected women. In collaboration with our Sexually Transmitted Disease Clinic, cervical samples from women for *Neisseria gonorrhoeae* will be tested for antimicrobial susceptibility on all positive cultures.

2. Relationship to City-wide Strategic Goals and Departmental Objectives:

Provides intervention for appropriate antimicrobial treatment of gonorrhea and detects the prevalence of antimicrobial resistance in Milwaukee and its impact on treatment protocols.

3. Need for Grant Funds and Impact on Other Departmental Operations (Applies only to Programs):

This will defray costs of ongoing work to monitor antimicrobial resistance of patients at our STD Clinic.

4. Results Measurement/Progress Report (Applies only to Programs):

Monthly reports for the grantor will be generated for six months and the data will be used by MHD clinicians to assess treatment protocols.

5. Grant Period, Timetable and Program Phase-out Plan:

January 10, 2005 – June 30, 2005.

6. Provide a List of Subgrantees:

N/A

7. If Possible, Complete Grant Budget Form and Attach to Back.
